

ACRAGLAS® DYES - ACRAGLAS DYE, BROWN, 1OZ

[Gunsmith Tools & Supplies](#) > [Stock Work & Finishing](#) > [Stock Bedding Accessories](#) > [Acraglas Dyes](#)

Actually Dyes The Epoxy For Perfect Color

Traditional Brown, Jet Black, Camo Green and White "Toner" dyes actually mix with any epoxy to give even, true color throughout. Use straight for stock bedding or mix with White "Toner" to match wood for crack repair, patching, invisible bedding lines. When bedding fiberglass stocks that are to be painted using our Camo Paints, the Brown, Jet Black and Camo Green colors are a perfect match, so bedding lines won't show. Brown is also the same as in ACRAGLAS and ACRAGLAS GEL® Kits. Use a very small amount of Jet Black to duplicate grip caps, buttplates, etc., in casting molds. White "Toner" doesn't cast pure white; use to lighten other colors.

Attributes

- Name: [ACRAGLAS DYE, BROWN, 1OZ](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 081030003
- Mfr. No.: 60901-01 BROWN

ACRAGLAS® DYES Safety Instruction Guide

Introduction

Welcome to the safety instruction guide for ACRAGLAS® DYES. This guide provides essential safety information and instructions for the proper use of the ACRAGLAS DYE, BROWN, 1OZ. Please read this guide carefully to ensure safe handling and usage of the product.

General Safety Guidelines

- Always keep the product out of reach of children and pets.
- Use the product in a wellventilated area to avoid inhaling fumes.
- Wear appropriate personal protective equipment (PPE), including gloves and safety goggles, when handling the dye.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Store the product in its original container, tightly sealed, and in a cool, dry place away from direct sunlight and heat sources.
- Do not mix with other chemicals unless specified in the instructions.

Specific Safety Precautions for Use

- Ensure that all surfaces are clean and free of any contaminants before applying the dye.
- Use only the recommended amount of dye to avoid excess waste and potential hazards.
- Do not ingest the product. If swallowed, seek medical help immediately.
- Dispose of any unused dye according to local regulations for hazardous waste.
- Be cautious while using the dye near open flames or sparks, as it may be flammable.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the dye, mixing tools, and protective equipment.
- Ensure that the area is wellventilated.

2. Mixing:

- Measure the desired amount of ACRAGLAS DYE, BROWN, and pour it into a clean mixing container.
- If mixing with White "Toner," add the appropriate amount to achieve the desired color.

3. Application:

- Apply the dye directly to the surface or mix with epoxy as needed.
- For stock bedding, use the dye straight or mixed to match the wood for crack repairs.

4. Curing:

- Allow the dye to cure as per the instructions provided with the epoxy or application method used.

5. Cleanup:

- Clean tools and any spills immediately with a suitable solvent.
- Dispose of any waste material in accordance with local regulations.

Disposal Instructions

- Dispose of empty dye containers and any leftover product in accordance with local hazardous waste disposal regulations.
- Do not pour dye down the drain or dispose of it in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding ACRAGLAS® DYES, please reach out to your local distributor or the manufacturer directly. Ensure that you have the product information available for assistance.

By following these safety instructions, you can ensure a safe and effective experience with ACRAGLAS® DYES. Thank you for your attention to these important guidelines.
