

# NH 909™ - NH 909 NON-HAZARDOUS LIQUID CLEANER/DEGREASER, 1 PINT

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Pre-Finish Surface Prep](#)

## Non-Caustic, Non-Hazardous, Safe Pre-Cleaner For Perfect Gun Preparation

Designed particularly for use on guns prior to bluing, or any metal refinishing job. Removes all grease, traces of buffing compounds, dirt. Operates at 180° F. Is non-caustic, and the heavy-duty jug keeps it ready for the next use. One gallon makes from 10 to 21 gallons of cleaner. Will clean most work in 10 minutes; extra cruddy parts may take up to 15 minutes.

# NH 909™ NonHazardous Liquid Cleaner/Degreaser Safety Instruction Guide

## Introduction

Thank you for choosing NH 909™ NonHazardous Liquid Cleaner/Degreaser. This product is designed specifically for use on guns prior to bluing and for various metal refinishing jobs. It effectively removes grease, buffing compounds, and dirt, making it an essential tool for your cleaning needs. This guide provides important safety instructions to ensure safe and effective use of this product.

## General Safety Guidelines

- Always read the label and product information before use.
- Keep the product out of reach of children and pets.
- Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water.
- Use in a wellventilated area to minimize inhalation of vapors.
- Do not mix with other cleaning products unless specified, as this may create hazardous reactions.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product and its container in accordance with local regulations.

## Specific Safety Precautions for Use

- Wear protective gloves and goggles when handling the cleaner to prevent skin and eye irritation.
- Ensure that the area is free from open flames or sparks when using the product, as it may be flammable at elevated temperatures.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Keep the container tightly closed when not in use to prevent contamination and spillage.
- If you experience dizziness, headaches, or respiratory issues while using the product, move to fresh air immediately.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface to be cleaned is cool and free of any debris.
- Shake the container gently before use to ensure an even mixture.

### 2. Application:

- Pour a small amount of NH 909™ onto a clean cloth or sponge.
- Apply the cleaner directly to the surface, focusing on areas with heavy grease or dirt.
- Allow the cleaner to sit for up to 10 minutes for optimal effectiveness. For extra cruddy parts, allow up to 15 minutes.

### 3. Cleaning:

- Wipe the surface with the cloth or sponge, removing all residues of grease and dirt.
- For stubborn stains, reapply the cleaner and repeat the process as necessary.

### 4. Rinsing:

- After cleaning, rinse the surface with water to remove any remaining cleaner.
- Dry the surface with a clean, dry cloth.

## 5. Storage:

- After use, ensure the cap is tightly closed and store the product in a designated storage area.

## Disposal Instructions

- Dispose of any unused NH 909™ in accordance with local hazardous waste regulations.
- Do not pour the product down the drain or into water sources.
- Recycle the container if possible, following local recycling guidelines.

## Contact Information for Further Support

For any safety inquiries or concerns regarding NH 909™, please contact the manufacturer directly or consult your local safety authority.
