SMALL PARTS BASKET Safety Instructions

Introduction

Thank you for choosing the SMALL PARTS BASKET. This product is designed for safe and effective use in bluing tank applications. To ensure your safety and the proper functioning of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the SMALL PARTS BASKET in accordance with the manufacturer's instructions.
- Ensure that the basket is suitable for the specific bluing tank being used.
- Regularly inspect the basket for any signs of wear or damage before each use.
- Keep the basket out of reach of children and vulnerable individuals.
- Do not use the basket for any purpose other than its intended use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The basket is made from mild steel, which can corrode if not properly maintained.
- Sharp edges may be present; handle with care to avoid cuts.
- Ensure that the basket is stable when placed inside the bluing tank to prevent tipping.

- **Avoiding Hazards:**

- Always wear protective gloves when handling the basket.
- Do not overload the basket with excessive weight, as this may cause it to bend or break.
- Use the basket only in wellventilated areas to avoid inhaling fumes from the bluing solution.
- Ensure that the bluing solution is at a safe temperature before placing the basket inside.

Instructions for Installation and Usage

- **Installation:**

- Place the SMALL PARTS BASKET inside the bluing tank securely.
- If using legs, attach them according to the manufacturer's instructions to ensure stability.

- **Usage:**

- Load the basket with small parts such as pins and screws, ensuring they do not exceed the basket's capacity.
- Submerge the basket in the bluing solution, ensuring that it is fully covered.
- Allow sufficient time for the solution to circulate around the parts for effective bluing.
- After use, carefully remove the basket from the tank, allowing excess solution to drain.

Disposal Instructions

- Dispose of the SMALL PARTS BASKET in accordance with local regulations.
- If the basket is damaged or no longer usable, consider recycling the metal where facilities exist.
- Do not dispose of the basket in regular household waste if it contains hazardous materials from the bluing process.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your purchase.

By following these safety instructions, you can ensure a safe and effective experience with your SMALL PARTS BASKET. Thank you for your attention to safety!
