

TANK STAND

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Metal Bluing](#) > [Tank Stands](#)

Versatile, Expandable System Adapts To Fit Your Needs

Lets you design the tank layout to fit YOUR preferred work flow and available shop space. Set up end-to-end, corner-to-corner, side-to-side or overlap side-to-end, then bolt together using the pre-spaced, pre-drilled holes. Puts the top of a 6" x 6" x 40" tank 3' from the floor. Allows good flame travel across the tank bottom and up the sides. Easily supports a tank full of salts and work pieces. Saves hours of construction time. Partially assembled. Can go UPS.

Attributes

- Name: [TANK STAND](#)

TANK STAND Safety Instruction Guide

Introduction

Thank you for choosing the TANK STAND by BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of your tank stand. Please read and follow these instructions carefully to maximize safety and performance.

General Safety Guidelines

- Always ensure that the tank stand is used in accordance with the manufacturer's instructions.
- Inspect the tank stand before each use to ensure it is free from damage and defects.
- Keep the work area clean and organized to prevent accidents and injuries.
- Ensure proper ventilation in the area where the tank stand is used, especially when dealing with flammable materials.
- Store the tank stand in a dry place to prevent rust and deterioration.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling materials.

Specific Safety Precautions for Use

- Do not exceed the weight capacity of the tank stand.
- Ensure that the tank is securely placed on the stand and that it is stable before use.
- Avoid placing any flammable materials near the tank or the tank stand.
- Never leave the tank stand unattended while in use.
- Keep children and pets away from the work area while the tank stand is in operation.
- If using the tank stand for extended periods, take regular breaks to avoid fatigue.

Instructions for Installation and Usage

1. Unpacking the Tank Stand

- Remove all components from the packaging.
- Check for any missing parts or damage. If any issues are found, do not use the stand and contact the manufacturer.

2. Assembly Instructions

- Lay out all components on a flat surface.
- Follow the detailed instructions provided to assemble the tank stand. Ensure that all bolts and nuts are tightened securely.
- Use the prespaced, predrilled holes to bolt the sections together as per the assembly diagram.

3. Setting Up the Tank Stand

- Position the tank stand in your desired location, ensuring it is stable and level.
- The top of the tank should be 3 feet from the floor to allow for proper flame travel.
- Ensure that the area around the tank stand is clear of obstructions.

4. Using the Tank Stand

- Place the tank securely on the stand, ensuring it is stable.
- Always monitor the tank during use for any signs of instability or leaks.
- Follow all safety precautions related to the materials you are using with the tank.

Disposal Instructions

- When the tank stand is no longer needed, dispose of it responsibly.
- Check local regulations for guidelines on the disposal of metal and other materials.
- If the stand is damaged or no longer usable, consider recycling the metal components.

Contact Information for Further Support

For any inquiries regarding safety, assembly, or product issues, please reach out to your local BROWNELLS representative or visit the official BROWNELLS website for more information.

By following these safety instructions, you can ensure a safe and effective experience with your TANK STAND. Thank you for your attention to these important safety guidelines.
