

POWDERED GRAPHITE - BROWNELLS POWDERED GRAPHITE SPOUT BOTTLE, 1.4OZ

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Dry Lubricants](#)

Lubricates & Reduces Wear; Won't Collect Contaminants

Weapons grade, natural, powdered graphite provides superior lubrication without collecting airborne contaminants. Dry formula will not trap dirt, run off, gum up, or lose its lubricating qualities when subjected to extreme temperatures. A favorite lube for heavy automatic weapons, especially in desert conditions. Slicks triggers and sears, bolt carriers, slides, frames, raceways and more by forming a soft, micro-fine layer of lubricating particles on moving parts. Greatly reduces wear, and helps resist powder and carbon fouling on treated parts. Works equally well for fishing reels, locks, cameras, and other household applications. Make sure parts are completely stripped of all wet lubes and greases before applying graphite. Do not apply oils or greases on top of graphite.

Attributes

- Name: [BROWNELLS POWDERED GRAPHITE SPOUT BOTTLE, 1.4OZ](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 083000013
- Mfr. No.: B6035CT
- Material: Powder
- Size: 1.4 oz
- Delivery weight: 0.045kg
- Shipping height: 99mm
- Shipping width: 25mm
- Shipping length: 25mm
- UPC: 050806105867

Safety Instruction Guide for Powdered Graphite Brownells Powdered Graphite Spout Bottle 1.4oz

Introduction

Thank you for choosing the Powdered Graphite Brownells Powdered Graphite Spout Bottle. This product is designed to provide superior lubrication for various applications, including heavy automatic weapons and household items. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Always use the product in a wellventilated area to minimize inhalation risks.
- Keep out of reach of children and vulnerable individuals.
- Do not ingest the product or apply it to skin or eyes.
- Check for any product recalls or safety alerts on the EU Safety Gate platform.
- In case of an emergency or accident, contact local authorities immediately.

Specific Safety Precautions for Use

- Ensure that all parts are completely stripped of wet lubricants and greases before applying graphite.
- Do not apply oils or greases on top of graphite to maintain its effectiveness.
- Avoid using the product near open flames or high heat sources, as it may become a fire hazard.
- Wear protective gloves and goggles if you are sensitive to dust or fine particles.
- If inhaled, move to fresh air and seek medical attention if symptoms persist.

Instructions for Installation and Usage

1. Preparation:

- Ensure the surface is clean and dry before application.
- Shake the bottle gently to mix the contents.

2. Application:

- Carefully open the spout bottle.
- Apply a thin, even layer of powdered graphite to the moving parts that require lubrication.
- Avoid overapplication, as excessive graphite can lead to buildup and reduced effectiveness.

3. PostApplication:

- Allow the graphite to settle and adhere to the surfaces for optimal performance.
- Clean any excess powder from areas not requiring lubrication.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated disposal facilities.
- Ensure the container is empty and clean before disposal.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Powdered Graphite Brownells Powdered Graphite Spout Bottle, please refer to the contact details provided on the product packaging or visit the manufacturer's

website.

By following these safety instructions, you can ensure the safe and effective use of the Powdered Graphite Brownells Powdered Graphite Spout Bottle. Thank you for your attention to these guidelines.
