

# ULTRASONIC CLEANING SOLUTION & OIL - ULTRASONIC GUN OIL 1 GALLON

[Gun Cleaning & Chemicals](#) > [Professional Cleaning Systems](#) > [Ultrasonic Cleaning Solutions](#)

## Advanced Formulas Power Away Dirt & Fouling; Lubricates, Fights Corrosion

Powerful, fast-acting cleaning and lubricating solutions are specially formulated for today's ultrasonic gun cleaning systems to thoroughly clean, condition, and protect your firearms. Safe for all metal surfaces, including carbon steel, aluminum, titanium, and stainless steel. Won't harm bluing, parkerizing, anodizing, or most paints. Environmentally safe, non-toxic, ammonia-free, and biodegradable with minimal odor, so both products can be safely used right in the shop. Cleaning Solution penetrates petroleum-based greases and oils and removes carbon fouling, dirt, grime, and powder residue to leave the metal completely clean. Gets into nooks and crannies for thorough, deep-down, in the pores cleaning without completely disassembling firearm. Economical, concentrated formula: mix 1 gallon of solution with 9 gallons of water to produce 10 gallons of cleaner. Water-displacing Oil with Thin Coat technology drains quickly from parts without puddling and leaves a microscopic layer of long-lasting corrosion protection. Ultra-low friction coefficient helps minimize wear on moving parts for smooth firearm operation and improved reliability.

## Attributes

- Name: [ULTRASONIC GUN OIL 1 GALLON](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 083000032
- Mfr. No.: 070-1334
- Size: 1 gal
- Delivery weight: 3.674kg
- Shipping height: 762mm
- Shipping width: 211mm
- Shipping length: 208mm
- UPC: 050806108721

# ULTRASONIC CLEANING SOLUTION & OIL ULTRASONIC GUN OIL 1 GALLON Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRASONIC CLEANING SOLUTION & OIL ULTRASONIC GUN OIL. This product is designed to effectively clean and lubricate your firearms while ensuring safety in its use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used in a wellventilated area to avoid inhalation of fumes.
- Keep the product out of reach of children and pets.
- Do not ingest the product. It is not intended for consumption.
- Avoid contact with eyes and skin. Use protective gloves and goggles if necessary.
- In case of accidental contact, rinse with plenty of water and seek medical advice if irritation persists.
- Store the product in a cool, dry place, away from direct sunlight and heat sources.
- Dispose of the product and its container responsibly, following local regulations.

## Specific Safety Precautions for Use

- Before using the cleaning solution, ensure that the firearm is unloaded and pointed in a safe direction.
- Use only in accordance with the manufacturer's instructions.
- Do not mix with other chemicals or cleaning agents unless specified.
- If you experience any adverse reactions while using the product, stop use immediately and consult a medical professional.
- Do not use the product on surfaces that may be damaged by cleaning solutions, such as certain plastics or finishes.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including gloves, goggles, and a suitable container for mixing the solution.
- Ensure the workspace is clean and free from any flammable materials.

### 2. Mixing the Cleaning Solution:

- Mix 1 gallon of the ultrasonic cleaning solution with 9 gallons of water to create 10 gallons of cleaner.
- Stir the mixture thoroughly to ensure even distribution.

### 3. Using the Cleaning Solution:

- Submerge the parts to be cleaned in the ultrasonic cleaning solution.
- Allow the parts to soak for the recommended time based on the level of dirt and fouling.
- For best results, follow the ultrasonic cleaner's operating instructions.

### 4. Rinsing and Drying:

- After cleaning, rinse the parts thoroughly with clean water to remove any residue.
- Dry the parts completely before reassembling the firearm.

#### **5. Applying the Waterdisplacing Oil:**

- After cleaning, apply a thin coat of the waterdisplacing oil to the metal surfaces.
- Ensure even coverage and allow the oil to drain off excess without puddling.

## **Disposal Instructions**

- Dispose of any unused or expired product according to local regulations.
- Do not pour the product down drains or into the environment.
- Recycle the plastic jug if possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding this product, please refer to the manufacturer's contact information provided on the product label or packaging.

By following these safety instructions, you can ensure a safe and effective cleaning experience with the ULTRASONIC CLEANING SOLUTION & OIL ULTRASONIC GUN OIL. Thank you for your attention to safety, and enjoy the benefits of a wellmaintained firearm.
