## Powerful Rust Preventer Does The Job Of Cosmoline~

When the manufacturer of Cosmoline® discontinued the product, we were shocked because we know many folks still consider it the best thing around for protecting guns from rust during long-term storage. Fortunately, we now have a substitute that works every bit as well as the original. Brownells Rust Veto is a soft, medium dark industrial-grade grease with a powerful combination of highly refined petroleum oils and waxes, plus corrosion and oxidation inhibitors, that preserves and protects stored firearms from rust and corrosion for years. The application and effectiveness of Rust Veto are the same as Cosmoline. It liquefies when heated to 140°-170° F., so you can immerse parts for complete penetration and coverage of intricate shapes and recesses. Melted Rust Veto can also be brushed or swabbed into/onto the metal to be protected.

## Attributes

- Name: [BROWNEllS RUST VETO, 4LB](#)
- Manufacturer: [BROWNEllS](#)
- Product no.: 083000035
- Mfr. No.: NONE
- Material: Liquid
- Size: 4 lb
- Delivery weight: 1.769kg
- Shipping height: 147mm
- Shipping width: 137mm
- Shipping length: 137mm
- UPC: 050806108813

# RUST VETO BROWNELLS RUST VETO 4LB Safety Instruction Guide

## Introduction

Thank you for choosing Brownells Rust Veto. This product is designed to protect your firearms from rust and corrosion during longterm storage. It is important to follow these safety instructions to ensure safe use and compliance with EU General Product Safety Regulations (GPSR).

## General Safety Guidelines

- Always read and understand the product label and safety instructions before use.
- Keep out of reach of children and vulnerable individuals.
- Use in a wellventilated area to avoid inhalation of fumes.
- Do not use on food or foodcontact surfaces.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling the product.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product and packaging in accordance with local regulations.

## Specific Safety Precautions for Use

- Ensure that the surface to be treated is clean and dry before application.
- Do not apply Rust Veto near open flames or high heat sources, as it is flammable when heated.
- Keep the container tightly closed when not in use to prevent contamination and evaporation.
- If using in a confined space, ensure adequate ventilation to prevent the buildup of harmful vapors.
- In case of accidental spillage, clean up immediately and dispose of waste in accordance with local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Clean the firearm or parts thoroughly to remove any old grease, dirt, or rust.
- Ensure the area is wellventilated.

### 2. Application:

- Heat Rust Veto to a temperature of 140°170° F (60°77° C) to liquefy it. This can be done using a heat source, but take care to avoid overheating.
- Immerse the parts into the liquefied Rust Veto for complete penetration and coverage.
- Alternatively, use a brush or swab to apply the melted Rust Veto onto the metal surfaces to be protected.

### 3. Cooling:

- Allow the treated parts to cool and solidify to form a protective layer.

### 4. Storage:

- Store treated firearms in a cool, dry place. Regularly inspect for any signs of rust or corrosion.

## **Disposal Instructions**

- Dispose of any unused Rust Veto and its container in accordance with local environmental regulations.
- Do not pour down drains or dispose of in regular household waste.
- Check with local authorities for specific disposal guidelines related to hazardous materials.

## **Contact Information for Further Support**

For questions or concerns regarding the safety and use of Brownells Rust Veto, please refer to the product packaging for contact information or consult your local regulatory authority.

By following these guidelines, you can ensure the safe use of Brownells Rust Veto while protecting your firearms from rust and corrosion. Thank you for your attention to safety!
