

FIVE "F"™ COMPOUND - BROWNELLS FIVE "F" STOCK RUBBING COMPOUND 2OZ

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Rubbing Compounds](#)

Even Finer Than Ultra-Fine

We really didn't believe it when customer Don Newman said he'd found a rubbing compound that would bring a Triple "F"™ finish up to a "real" shine. We tried it; he's right and here it is. If you're going for that "Shinier than a brass bed in a sportin' house" look, Five "F" will do it. We knocked a brand new Remington finish back a bit, brought it up to just below original with Triple "F" and then got out the Five "F". The resulting gloss and depth are unbelievable! Can be used to give luster to satin finishes, too. To get "Hi-Shine", start with "Original" and work up thru Five "F". Great for scratch removal on fine surfaces like plexiglas or plastic lenses.

Cannot ship outside Continental U.S. Ship UPS or FedEx Ground only within U.S.

FIVE "F"™ COMPOUND Safety Instruction Guide

Introduction

Thank you for choosing the FIVE "F"™ COMPOUND BROWNELLS FIVE "F" STOCK RUBBING COMPOUND. This guide provides important safety instructions to ensure the safe use of this product. Please read this guide carefully before using the compound.

General Safety Guidelines

- This product is designed for nonfood use only.
- Always follow the instructions provided for safe handling and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure proper ventilation when using the compound to avoid inhalation of fumes.
- Be aware of potential hazards, including skin and eye irritation.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**

- Always wear gloves to protect your skin.
- Use safety goggles or glasses to protect your eyes from splashes.

- **Ventilation:**

- Use the product in a wellventilated area to minimize inhalation risks.

- **Avoiding Skin Contact:**

- Do not apply the compound to broken or irritated skin.
- If skin contact occurs, wash the affected area with soap and water immediately.

- **Eye Contact:**

- In case of contact with eyes, rinse immediately with plenty of water and seek medical attention if irritation persists.

- **Inhalation:**

- If you experience dizziness or respiratory discomfort, move to fresh air immediately and seek medical assistance if necessary.

Instructions for Installation and Usage

1. **Preparation:**

- Ensure the surface to be treated is clean and dry.
- Shake the container well before use to ensure proper mixing of the compound.

2. **Application:**

- Apply a small amount of the FIVE "F" compound to a clean, soft cloth.
- Rub the compound onto the surface using circular motions until the desired shine is achieved.

3. **Finishing:**

- For a highgloss finish, follow up with a clean cloth to buff the surface.
- If using on satin finishes, test a small, inconspicuous area first.

4. Cleanup:

- Clean any tools or surfaces that came into contact with the compound using soap and water.
- Store the product in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of any unused product or empty containers in accordance with local regulations.
- Do not pour the product down the drain or dispose of it in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the FIVE "F"™ COMPOUND, please refer to the contact details provided on the product packaging or visit the manufacturer's website for additional support.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the FIVE "F"™ COMPOUND BROWNELLS FIVE "F" STOCK RUBBING COMPOUND. Always prioritize safety and refer to this guide whenever using the product. Thank you for your attention to these important safety measures.
