Non-Smoking Non-Fuming Odorless Flux

MARVELUX® BULLET CASTING FLUX The Brownells MARVELUX® Bullet Casting Flux is a premier choice for both professional and hobbyist bullet casters, effectively reducing dross formation and enhancing the fluidity of bullet alloys. Introduced in 1971, MARVELUX® has been a trusted flux in the bullet casting community. Its non-corrosive nature ensures that iron and steel equipment remain free from rust, and it does not produce fumes that can cause corrosion, unlike sal-ammoniac-based fluxes. Regular use of MARVELUX® keeps casting pots clean and rust-free. Additionally, it is non-smoking, flameless, and odorless, providing a safer and more pleasant casting experience. MARVELUX® is superior to traditional fluxes like beeswax, tallow, paraffin, and rosin, as it doesn't emit unpleasant odors during use. Key Features: Non-Corrosive: Safe for iron and steel, preventing rust formation. Fume-Free: Does not emit corrosive fumes, ensuring a safer casting environment. Reduces Dross Formation: Enhances the fluidity of bullet alloys for better fill-out. User-Friendly: Non-smoking, flameless, and odorless, improving the casting experience. Specifications: Available Sizes: ½ lb. (8oz / 226g), 1 lb. (16oz / 453g), and 4 lb. (64oz / 1.8kg) jars. Application: Suitable for any lead alloy melt intended for casting bullets or swaging cores. Incorporating Brownells MARVELUX® Bullet Casting Flux into your bullet casting process ensures cleaner melts and higher-quality bullets, making it an essential component for achieving optimal casting results.

Attributes

- Name: [MARVELUX® BULLET CASTING FLUX 16OZ](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 083030100
- Mfr. No.:
- Color: Yellow
- Container Size: 16 oz
- Weight: 1 lb
- Delivery weight: 0.499kg
- Shipping height: 94mm
- Shipping width: 91mm
- Shipping length: 91mm
- UPC: 050806104716

MARVELUX® Bullet Casting Flux Safety Instructions

Introduction

Thank you for choosing MARVELUX® Bullet Casting Flux. This guide provides essential safety instructions to ensure the safe and effective use of this product. By following these guidelines, you can minimize risks and achieve optimal bullet casting results.

General Safety Guidelines

- Always read and understand the product label before use.
- Keep the product out of reach of children and pets.
- Use the product only for its intended purpose.
- Ensure adequate ventilation in your workspace to avoid inhalation of any fumes.
- Store the product in a cool, dry place away from direct sunlight.
- Dispose of any unused product or waste according to local regulations.

Specific Safety Precautions for Use

- **NonCorrosive Nature:** MARVELUX® is safe for use with iron and steel equipment, preventing rust formation.
- **FumeFree:** The product does not emit harmful fumes, making it safer for indoor use.
- **UserFriendly:** It is nonsmoking, flameless, and odorless, enhancing the casting experience.
- **Dross Formation:** Regular use helps reduce dross formation, improving the quality of your bullet alloys.
- **Protective Gear:** Always wear appropriate protective gear, such as gloves and safety goggles, when handling the product.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and wellventilated.
- Gather all necessary equipment and protective gear.

2. Using MARVELUX® Bullet Casting Flux:

- Measure the appropriate amount of flux based on the weight of your lead alloy melt.
- Add the MARVELUX® flux to the molten lead alloy in your casting pot.
- Stir gently to ensure even distribution and to promote fluidity.
- Allow the flux to work for a few moments before proceeding with casting.

3. PostCasting Cleanup:

- After casting, allow the equipment to cool down.
- Clean your casting pot and tools to prevent buildup of dross and residues.

Disposal Instructions

- Dispose of any unused MARVELUX® Bullet Casting Flux according to local waste disposal regulations.
- Do not pour unused flux down the drain or in the environment.
- Check local guidelines for hazardous waste disposal if necessary.

Contact Information for Further Support

For any questions or concerns regarding the use of MARVELUX® Bullet Casting Flux, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website for additional resources.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective bullet casting experience with MARVELUX® Bullet Casting Flux. Thank you for your attention to safety.
