# ROTTENSTONE 8OZ Safety Instruction Guide

## Introduction

Thank you for choosing ROTTENSTONE 8OZ. This guide provides essential safety instructions to ensure the safe and effective use of this product. ROTTENSTONE is a genuine, triple fine powder used by professional stock finishers for generations. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and pets.
- Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water.
- Do not ingest the product. In case of ingestion, seek medical advice immediately.
- Store the product in a cool, dry place, away from direct sunlight.
- Always follow the manufacturer's instructions for use.

## Specific Safety Precautions for Use

- Use only on fully dried finishes to avoid unwanted reactions.
- When mixing with linseed oil, ensure the mixture is well blended before application.
- Use a felt pad to apply the mixture, and avoid excessive pressure to prevent damage to the finish.
- If you experience any adverse reactions while using the product, discontinue use immediately and consult a medical professional.
- Dispose of any unused product or waste materials according to local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the surface to be treated is clean and fully dried.
- Gather all necessary materials, including linseed oil, a felt pad, and a mixing container.

### 2. Mixing:

- Measure the desired amount of ROTTENSTONE powder.
- Combine with linseed oil in the mixing container until you achieve a smooth, workable paste.

### 3. Application:

- Using the felt pad, apply the mixture gently to the surface in a circular motion.
- Work in small sections to ensure even coverage and avoid overworking the finish.

### 4. Finishing:

- Allow the treated area to dry completely before handling or applying additional finishes.
- Clean any tools or surfaces that came into contact with the mixture using soap and water.

## Disposal Instructions

- Dispose of any unused ROTTENSTONE powder and mixed materials according to local waste disposal regulations.
- Do not dispose of the product in household waste or down the drain.
- If in doubt, consult your local waste management authority for guidance on safe disposal.

## **Contact Information for Further Support**

For any safety inquiries or additional information regarding ROTTENSTONE 80Z, please reach out to the appropriate EUbased contact point.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of ROTTENSTONE 80Z. Always prioritize safety and consult this guide whenever you have questions about product use. Thank you for your attention and enjoy your experience with ROTTENSTONE.
