

# LAPPING COMPOUNDS - BROWNEllS LAPPING COMPOUND, ALUMINUM, OXIDE, #800 GRIT

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Abrasives](#) > [Lapping Compounds](#)

## Aluminum Oxide In A Water Soluble Base For Easy Cleanup

The right abrasive for lapping the final fit between semi-auto slides and frames, rifle bolts and receiver raceways and any other application where a super-close fit or silk-smooth mechanism is required. #600 and #800 grit aluminum oxide abrasive crystals in a long lasting petroleum base that's water soluble for fast, easy cleanup in soap and water. Aluminum oxide crystals are smooth and rounded in shape, so they won't embed and continue to wear the part after cleanup.

## Attributes

- Name: [BROWNEllS LAPPING COMPOUND, ALUMINUM, OXIDE, #800 GRIT](#)
- Manufacturer: [BROWNEllS](#)
- Product no.: 083041800
- Mfr. No.: E10041800
- Grit: 800
- Model Number: 800 Grit Only
- Delivery weight: 0.159kg
- Shipping height: 41mm
- Shipping width: 89mm
- Shipping length: 89mm
- UPC: 050806105188

# Safety Instruction Guide for Lapping Compounds

## Brownells #800 Lapping Compound

### Introduction

Thank you for choosing Brownells #800 Lapping Compound. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the compound.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Keep the product out of reach of children and vulnerable individuals.
- Always use personal protective equipment (PPE), such as gloves and goggles, when handling the compound.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Follow local regulations for disposal and recycling of chemical products.

### Specific Safety Precautions for Use

- Avoid inhaling dust or fumes generated during the use of the compound. Use in a wellventilated area.
- Do not ingest the compound. If accidental ingestion occurs, seek medical attention immediately.
- In case of skin contact, wash the affected area with soap and water. If irritation persists, consult a physician.
- If the compound gets into the eyes, rinse immediately with plenty of water and seek medical advice.
- Do not mix with other chemicals unless specified in the product instructions.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure the surfaces to be lapped are clean and free from debris.
- Shake the jar of lapping compound well before use.

#### 2. Application:

- Apply a small amount of the lapping compound to the surfaces that require lapping.
- Use a lapping tool or similar device to spread the compound evenly across the surface.

#### 3. Lapping Process:

- Begin the lapping process by moving the surfaces in a backandforth motion.
- Periodically check the surfaces for fit and smoothness.
- Add more compound as necessary to maintain an even application.

#### 4. Cleanup:

- After achieving the desired fit, clean the lapped surfaces with soap and water to remove any residual compound.
- Ensure all residues are thoroughly cleaned to prevent any embedding of abrasive particles.

## **Disposal Instructions**

- Dispose of any unused or excess lapping compound in accordance with local regulations.
- Do not pour down the drain or dispose of in regular trash.
- For disposal of containers, follow recycling guidelines specific to chemical containers.

## **Contact Information for Further Support**

For safety inquiries or additional information regarding the use of Brownells #800 Lapping Compound, please refer to the manufacturer's website or contact your local distributor.

By following these safety instructions, you can ensure a safe and effective experience with Brownells #800 Lapping Compound. Thank you for prioritizing safety and compliance with EU regulations.
