# ACTION LUBE PLUS® SYRINGE Safety Instruction Guide

## Introduction

Welcome to the safety instruction guide for the ACTION LUBE PLUS® SYRINGE. This product is designed to provide superior lubrication performance in various conditions. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always keep the product out of reach of children and vulnerable individuals.
- Use the product only as intended. Misuse may lead to hazards.
- Store the syringe in a cool, dry place away from direct sunlight.
- Check the product for any visible damage before use. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure proper ventilation when using the lubricant in enclosed spaces.
- Avoid contact with eyes and skin. In case of contact, rinse thoroughly with water.
- Do not ingest the product. It is not intended for consumption.
- If swallowed, seek medical attention immediately.
- Use gloves if you have sensitive skin or are prone to allergic reactions.
- Do not apply excessive amounts of lubricant. Follow the recommended dosage for best results.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the syringe is clean and free from contaminants.
- Remove the cap from the syringe carefully.

### 2. Application:

- Position the syringe tip at the desired application area.
- Gently press the plunger to dispense the lubricant.
- Apply only the amount needed for effective lubrication.

### 3. PostUse:

- After application, replace the cap securely on the syringe.
- Store the syringe in its original packaging or a safe location.

## Disposal Instructions

- Dispose of the syringe according to local regulations for hazardous waste.
- Do not dispose of the product in regular household waste.
- Ensure that the product is completely empty before disposal.
