

DESI PAK® - DESI PAK MOISTURE ABSORBER, 2 EACH

[Gunsmith Tools & Supplies](#) > [Shop Accessories & Supplies](#) > [Gun Storage Materials](#) > [Moisture Absorbent Packs](#)

Moisture Control For Gun Safes & Storage

Absorbs the moisture near your guns; when it gets "full", just bake it in an oven to get the moisture out, then reuse. Big bulk paks to handle gun safes and long term applications. No fancy containers or packaging, just the "stuff" ready to put to work.

DESI PAK® MOISTURE ABSORBER Safety Instruction Guide

Introduction

Thank you for choosing the DESI PAK® MOISTURE ABSORBER. This product is designed to effectively absorb moisture in environments such as gun safes, providing a reliable solution for moisture control. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and pets to avoid any accidental ingestion or misuse.
- Regularly check the product for signs of damage or wear.
- Dispose of the product in accordance with local regulations.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the DESI PAK® MOISTURE ABSORBER for any purpose other than moisture absorption.
- Avoid direct contact with water or other liquids when using the product.
- Ensure proper ventilation when baking the product to remove moisture.
- Do not exceed the recommended baking time to avoid damage to the product.
- If the product shows signs of discoloration or deterioration, discontinue use immediately.

Instructions for Installation and Usage

1. Placement:

- Place the DESI PAK® MOISTURE ABSORBER in a secure and dry area, ideally near the items you wish to protect from moisture.
- Ensure that the product is stable and not at risk of falling or being knocked over.

2. Monitoring:

- Use the included humidity indicator to monitor moisture levels.
- When the indicator shows that the product is "full," it is time to reactivate it.

3. Reactivation:

- Preheat your oven to 200°F (93°C).
- Place the DESI PAK® MOISTURE ABSORBER on a baking sheet.
- Bake for approximately 2 hours, or until the humidity indicator shows that the product is dry.
- Allow the product to cool before handling.

4. Storage:

- Store the product in a cool, dry place when not in use.
- Avoid exposing the product to extreme temperatures or direct sunlight.

Disposal Instructions

- Dispose of the DESI PAK® MOISTURE ABSORBER in accordance with local waste disposal regulations.

- Do not incinerate the product.
- If the product is damaged or shows signs of wear, dispose of it safely to prevent any potential hazards.

Contact Information for Further Support

For any inquiries or concerns regarding the DESI PAK® MOISTURE ABSORBER, please refer to the manufacturer's contact information provided on the packaging or visit their official website for assistance.

By following these guidelines, you can ensure the safe and effective use of the DESI PAK® MOISTURE ABSORBER. Thank you for your attention to these important safety instructions.
