

# TACTICAL PLUS RIFLE SLING - BIOTHANE 2-POINT SLING, BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

## Urethane-Coated Nylon Wears Like Iron, Flexes Like Leather

Extreme-duty, tactical sling withstands the rigors of military, law enforcement, and other tactical operations while maintaining the high level of comfort and mobility associated with leather. Based on the 1907 Military sling that's still one of the finest slings ever invented for carry and shooting. Adjustable, 1 1/4" wide, BioThane® strap provides superior strength and weather-resistance; won't crack, peel, or become stiff in frigid temperatures. Specially tempered, non-slip, urethane coating eliminates break-in time; flexes like leather, yet is impervious to sweat and water. The extra-tough, steel hooks are the same ones we use on our famous, Competitor Plus™ slings. The hooks and D-ring are hardened and parkerized for extra strength and corrosion protection. Three, large-head, brass rivets are driven-in from the backside of the hooks and ground smooth for superior holding strength and a clean, low-profile appearance. 7/8" wide keepers provide excellent sling retention; will not stretch or lose original shape.

## Attributes

# **TACTICAL PLUS RIFLE SLING BIOTHANE 2POINT SLING, BLACK Safety Instructions**

## **Introduction**

Thank you for choosing the TACTICAL PLUS RIFLE SLING BIOTHANE 2POINT SLING, BLACK. This product is designed for extremeduty use in military, law enforcement, and tactical operations. To ensure your safety and the longevity of the sling, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Ensure that the sling is used only for its intended purpose.
- Regularly inspect the sling for any signs of wear or damage.
- Keep the sling out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of slings and firearms.
- Report any unsafe conditions or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always ensure that the firearm is unloaded before attaching or detaching the sling.
- Avoid using the sling in extreme weather conditions that could compromise its integrity.
- Do not exceed the weight capacity of the sling to prevent failure.
- Ensure that the hooks and Dring are securely attached before use.
- Be cautious of the sling's movement during use to avoid entanglement or injury.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Attach the steel hooks to the designated attachment points on your firearm.
- Ensure that the hooks are fully engaged and locked in place.
- Adjust the length of the sling to your preferred carrying position by sliding the BioThane® strap through the adjuster.

### **2. Usage:**

- When using the sling, maintain a secure grip on your firearm.
- Use the sling to distribute the weight of the firearm across your body for improved comfort.
- Be aware of your surroundings and ensure that the sling does not obstruct your movement.

## **Disposal Instructions**

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the TACTICAL PLUS RIFLE SLING BIOTHANE 2POINT SLING, BLACK, please refer to the manufacturer's contact information provided with your product. You may also consult the EU Safety Gate platform for updates on product safety and recalls.

Thank you for your attention to these safety instructions. Your safety is our priority.
