

"UNSAFE TO FIRE" TAGS - BROWNELLS UNSAFE TO FIRE TAGS, 25 PACK

[Gunsmith Tools](#) > [Shop Accessories & Supplies](#) > [Tags & Tickets](#)

Lets You & Your Customer Know That The Firearm Is Unsafe

Bright red paper tags with black lettering clearly indicate that a weapon is unsafe to fire. Perfect for guns that simply can't be repaired, when parts are unavailable, or when a customer tells you it's Grandpa's gun and I want to hang it over the fireplace. Reinforced grommet securely attaches the tag to the firearm. Tags are perforated for easy tearing so that both the shop owner and the customer have a record of the status. Lines for customer information and firearm information are provided.

Safety Instruction Guide for "UNSAFE TO FIRE" Tags

Introduction

Thank you for choosing the "UNSAFE TO FIRE" tags by Brownells. This guide provides essential safety information and instructions for the proper use of these tags. It is important to follow these guidelines to ensure safety for yourself and others.

General Safety Guidelines

- Ensure that all users understand the purpose of the "UNSAFE TO FIRE" tags.
- Always use the tags in accordance with the instructions provided.
- Keep tags out of reach of children and vulnerable individuals to prevent misuse.
- Regularly check for updates on safety practices and guidelines related to firearm safety.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the tags on firearms that are indeed unsafe to fire.
- Do not attempt to repair firearms that are marked with these tags.
- Ensure that the tag is securely attached to the firearm using the reinforced grommet.
- Avoid exposing the tags to moisture or extreme temperatures to maintain their integrity.
- Always inform customers about the implications of using firearms marked with these tags.

Instructions for Installation and Usage

1. Prepare the Tag:

- Take one "UNSAFE TO FIRE" tag from the pack.
- Ensure that the tag is free from any damage.

2. Attach the Tag:

- Use the reinforced grommet to securely attach the tag to the firearm.
- Ensure that the tag is clearly visible and legible.

3. Record Information:

- Fill in the lines provided on the tag with customer information and firearm details.
- Both the shop owner and the customer should retain a record of this information.

4. Monitor the Firearm:

- Regularly check the condition of the firearm and the tag.
- If the firearm is repaired or becomes safe to fire, remove the tag immediately.

Disposal Instructions

- Dispose of any unused or damaged tags in accordance with local waste disposal regulations.
- Do not burn the tags, as they may release harmful substances when incinerated.
- Ensure that tags are disposed of in a manner that prevents them from being misused.

Contact Information for Further Support

For any inquiries related to the "UNSAFE TO FIRE" tags or safety concerns, please refer to the manufacturer's contact information available on the packaging or the official website.

This document serves as a comprehensive guide to ensure the safe use of "UNSAFE TO FIRE" tags. Adhering to these guidelines will help promote safety and responsibility in firearm management. Thank you for your attention to these important instructions.
