

# "UNSAFE TO FIRE" TAGS - BROWNELLS UNSAFE TO FIRE TAGS, 50 PACK

[Gunsmith Tools](#) > [Shop Accessories & Supplies](#) > [Tags & Tickets](#)

## Lets You & Your Customer Know That The Firearm Is Unsafe

Bright red paper tags with black lettering clearly indicate that a weapon is unsafe to fire. Perfect for guns that simply can't be repaired, when parts are unavailable, or when a customer tells you it's Grandpa's gun and I want to hang it over the fireplace. Reinforced grommet securely attaches the tag to the firearm. Tags are perforated for easy tearing so that both the shop owner and the customer have a record of the status. Lines for customer information and firearm information are provided.

# Safety Instruction Guide for "UNSAFE TO FIRE" Tags

## Introduction

Thank you for choosing the "UNSAFE TO FIRE" Tags by Brownells. These bright red paper tags are designed to clearly indicate that a weapon is unsafe to fire. This guide provides essential safety information and instructions for the proper use of these tags to ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that the tag is securely attached to the firearm using the reinforced grommet.
- Keep the tags out of reach of children and vulnerable individuals to prevent misuse.
- Regularly check the status of the firearm and update the tag as necessary.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the tags only for firearms that are confirmed to be unsafe to fire.
- Do not attempt to repair or modify a firearm that is marked with an "UNSAFE TO FIRE" tag.
- Ensure that all individuals handling the firearm understand the implications of the tag.
- Store the tags in a dry place to prevent damage and ensure legibility.
- Make sure that the information recorded on the tag is clear and accurate.

## Instructions for Installation and Usage

### 1. Attach the Tag:

- Use the reinforced grommet to securely attach the tag to the firearm.
- Ensure that the tag is visible and legible.

### 2. Record Information:

- Fill in the lines provided on the tag with customer information and firearm details.
- Keep a copy of the tag for your records, if necessary.

### 3. Monitor Status:

- Regularly check the firearm to ensure it remains in an unsafe condition.
- Update the tag if the status of the firearm changes.

### 4. Communicate with Customers:

- Inform customers about the implications of the "UNSAFE TO FIRE" tag.
- Encourage them to keep the tag attached until the firearm is repaired or disposed of.

## Disposal Instructions

- Dispose of any unused or damaged tags according to local waste management regulations.
- Ensure that all information on the tags is rendered unreadable before disposal.
- If a firearm is permanently marked as "UNSAFE TO FIRE," follow local regulations for the disposal of firearms.

## **Contact Information for Further Support**

For any questions or concerns regarding the "UNSAFE TO FIRE" tags, please refer to the manufacturer's contact details or visit their official website for more information.

Thank you for your attention to these safety instructions. Your adherence to these guidelines helps ensure a safe environment for all users.
