

AR-15/M16 DUST COVER SAFETY FLAG - BROWNELLS AR-16/M16 DUST COVER SAFETY FLAG

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Chamber Safety Flags](#)

Highly Visible Indicator Shows Rifle Is Unloaded & Seals Ejection Port To Keep Out Dirt

Bright, highly-visible yellow insert instantly lets the RSO and other shooters know your weapon is unloaded and safe. Perfect for training exercises and classroom activities where it's vital to quickly identify that weapons are safe at all times. Blocks the chamber to ensure that a round cannot be loaded when the flag is installed. Completely seals the ejection port to keep out dust, dirt, and other debris.

AR15/M16 Dust Cover Safety Flag User Manual

Introduction

Thank you for choosing the AR15/M16 Dust Cover Safety Flag. This product is designed to enhance safety during training exercises and classroom activities by providing a clear indication that a weapon is unloaded and safe. Please read this manual carefully to understand the safety guidelines, installation instructions, and proper usage of the safety flag.

General Safety Guidelines

- Always treat every firearm as if it is loaded, even when using safety flags.
- Ensure the safety flag is visible to all individuals in the vicinity of the firearm.
- Do not remove the safety flag until you are ready to use the firearm in a safe and controlled environment.
- Keep the safety flag in good condition, replacing it if it becomes damaged or worn.
- Always follow local laws and regulations regarding firearm safety and usage.

Specific Safety Precautions for Use

- The safety flag is designed for use with firearms of .22 caliber (.223.224).
- Ensure that the safety flag is properly installed before handling the firearm.
- Do not attempt to load ammunition into the firearm when the safety flag is installed.
- Regularly check the condition of the safety flag and the ejection port to ensure they are clean and free of debris.
- Keep the safety flag out of reach of children and unauthorized users.

Instructions for Installation and Usage

1. Installation of the Safety Flag:

- Open the ejection port of your AR15/M16 firearm.
- Insert the yellow safety flag into the chamber until it is fully seated.
- Ensure that the safety flag completely seals the ejection port.

2. Usage:

- Once the safety flag is installed, visually confirm that the firearm is unloaded and safe.
- The bright yellow color of the safety flag provides a clear indication to all shooters and range safety officers (RSOs) that the weapon is unloaded.
- Do not remove the safety flag until you are ready to engage in shooting activities in a safe environment.

3. Removal of the Safety Flag:

- To remove the safety flag, open the ejection port.
- Gently pull the safety flag out of the chamber.
- Store the safety flag in a clean, dry place when not in use.

Disposal Instructions

- Dispose of the safety flag in accordance with local waste management regulations.
- Do not dispose of the safety flag in fire, as it is made of plastic and can release harmful fumes when burned.
- If the safety flag is damaged or no longer usable, ensure it is disposed of in a way that prevents

accidental misuse.

Contact Information for Further Support

For safety inquiries or additional support regarding the AR15/M16 Dust Cover Safety Flag, please consult the manufacturer's contact information provided on the packaging or visit the manufacturer's website.

By following these guidelines and instructions, you will contribute to a safer shooting environment for yourself and others. Thank you for prioritizing safety in your firearm practices.
