## Holds All Your Gear For Competition & Range

We've incorporated many of the same great features of our original Signature Series Range Bag into a slightly smaller, more compact bag with bellows pockets, adjustable dividers, six individual shotshell holders and much, much more. Constructed of long lasting, 1000 denier, Cordura® nylon with non-scratching, self-healing, nylon YKK zippers and solid brass pulls. We put top-grain, leather straps on the zipper pulls to make opening and closing the "high-use" compartments easy when wearing shooting gloves. Adjustable, detachable shoulder strap is constructed of strong, 1½" wide nylon webbing and includes a comfortable pad lined with non-slip, suede leather. Quick-detach, brass-plated swivel clips are spring loaded for extra security and ease of removal. Double-layered, 3/16" thick, corrugated bottom panels provide full support for heavy loads of ammunition, pistols, tools, and other shooting accessories, while retaining the original shape of the bag. The Signature Series Shooting Bag is a full-featured bag designed to perform and built to last.
