Cleaning Rod Storage Sleeve Safety Instructions

Introduction

Thank you for purchasing the Brownells Cleaning Rod Storage Sleeve. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your product. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to store cleaning rods.
- Keep out of reach of children to prevent accidental injury or misuse.
- Regularly inspect the sleeve for any signs of damage or wear before use. If damaged, discontinue use immediately.
- Do not overload the sleeve beyond its capacity of three 36" cleaning rods.
- Avoid exposing the sleeve to extreme temperatures or harsh chemicals that could degrade the material.

Specific Safety Precautions for Use

- When inserting or removing cleaning rods, do so gently to avoid damaging the sleeve or the rods.
- Ensure that the hookandloop cover is securely fastened before storing the sleeve to prevent the rods from falling out.
- Store the sleeve in a dry place to prevent mold or mildew growth.
- If the sleeve becomes wet, dry it thoroughly before storing it away.
- Be cautious when folding the sleeve to avoid pinching fingers or other body parts.

Instructions for Installation and Usage

1. Preparing the Sleeve:

- Unfold the cleaning rod storage sleeve and lay it flat on a clean surface.
- Ensure the hookandloop cover is open to allow easy access for inserting cleaning rods.

2. Inserting Cleaning Rods:

- Take your cleaning rods (up to three, 36" long) and carefully insert them into the sleeve.
- Ensure that the rods fit snugly within the sleeve without excessive force.
- Once all rods are inserted, fold the sleeve over and secure the hookandloop cover to hold the rods in place.

3. Storage:

- When not in use, fold the sleeve into a compact size for easy storage.
- Place the folded sleeve inside your cleaning kit or range bag to keep it protected.

4. Maintaining the Sleeve:

- Clean the sleeve periodically with a damp cloth to remove dust and debris.
- Avoid using abrasive cleaners that could damage the nylon material.

Disposal Instructions

- When the cleaning rod storage sleeve reaches the end of its useful life, dispose of it responsibly.
- Check local regulations for guidance on the disposal of nylon products.

- If possible, recycle the sleeve according to local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Cleaning Rod Storage Sleeve, please contact the manufacturer or your local distributor. Ensure you have the product information ready for reference.

Thank you for prioritizing safety while using your Brownells Cleaning Rod Storage Sleeve. Enjoy your cleaning experience!
