

MUZZLE SHIM KIT - BROWNELLS SHIM KIT FOR 5/8" DIAMETER MUZZLES

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Hardware](#) > [Washers](#)

Complete shim kit allows you to properly index your muzzle device to your barrel. The kit comes with seven different thicknesses of stainless steel shims. The shims can be used alone or in different combinations to give you the desired thickness needed to correctly index the muzzle device to the barrel. Includes the following shims .002" (2), .003" (2), .004" (2), .008" (2), .010" (1), .015" (1), and .030" (1).

MUZZLE SHIM KIT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Muzzle Shim Kit by Brownells. This kit is designed to help you properly index your muzzle device to your barrel using various stainless steel shims. It is essential to follow the safety instructions and guidelines provided in this manual to ensure the safe and effective use of this product.

General Safety Guidelines

- Always read and understand all instructions before using the Muzzle Shim Kit.
- Ensure that the product is used only for its intended purpose.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the shims and components for damage before use. Do not use damaged parts.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate protective gear (e.g., gloves and safety glasses) when handling shims.
- Ensure that the firearm is unloaded and in a safe condition before installation.
- Avoid placing your fingers near the muzzle device when installing shims.
- Do not exceed the maximum thickness specified for your muzzle device to prevent misalignment or damage.
- Be cautious of sharp edges on stainless steel shims.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and ensure a clean workspace.
- Confirm that your firearm is unloaded and safe to work on.

2. Selecting Shims

- Choose the appropriate thickness of shims needed for your application. The kit includes:
 - .002" (2 shims)
 - .003" (2 shims)
 - .004" (2 shims)
 - .008" (2 shims)
 - .010" (1 shim)
 - .015" (1 shim)
 - .030" (1 shim)

3. Installation Steps

- **Step 1:** Align the muzzle device with the barrel.
- **Step 2:** Insert the selected shims between the muzzle device and the barrel to achieve the desired thickness.
- **Step 3:** Ensure that the shims are seated properly and the muzzle device is aligned.
- **Step 4:** Secure the muzzle device as per the manufacturer's specifications.
- **Step 5:** Doublecheck the alignment and ensure everything is tightened to the required torque specifications.

4. PostInstallation Check

- After installation, visually inspect the muzzle device to ensure it is secure and properly indexed.
- Test the firearm in a safe environment to confirm functionality.

Disposal Instructions

- Dispose of any damaged or unused shims in accordance with local regulations.
- Do not dispose of shims in regular household waste if they are deemed hazardous.
- Consider recycling options for stainless steel components where available.

Contact Information for Further Support

For any inquiries regarding the Muzzle Shim Kit, please refer to the product packaging or visit the manufacturer's website for support resources.

Thank you for your attention to these safety instructions. Enjoy using your Muzzle Shim Kit responsibly!
