# TRIGGER STOP SCREWS Safety Instruction Guide

## Introduction

Thank you for choosing the TRIGGER STOP SCREWS, 6 PACK by BROWNELLS. This product is designed to control trigger overtravel for a clean letoff. The rubber tips cushion the frame "touch" and will not mark the trigger loop. These screws can be used on handguns, rifles, and shotguns. To ensure safe and effective use of this product, please read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Ensure safe handling and usage of the TRIGGER STOP SCREWS.
- Follow all instructions provided in this guide to avoid potential hazards.
- Be aware of the risks associated with improper installation or usage.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always inspect the screws for any signs of damage before installation.
- Do not use the product if any components are missing or damaged.
- Ensure that the firearm is unloaded before installing or adjusting the screws.
- Use appropriate tools to install the screws to prevent injury.
- Avoid overtightening the screws, as this may damage the trigger mechanism.
- Store the screws in a dry, cool place away from direct sunlight.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather the necessary tools for installation (e.g., screwdriver).
- Read the instructions thoroughly before beginning installation.

### 2. Installation Steps

- Locate the trigger loop on your firearm.
- Identify the appropriate mounting point for the TRIGGER STOP SCREWS.
- Using a screwdriver, carefully install the screws into the designated holes.
- Ensure that the rubber tips are positioned correctly to cushion the frame.
- Tighten the screws gently to secure them in place without overtightening.

### 3. Usage

- After installation, test the trigger mechanism to ensure proper function.
- Make adjustments as necessary to achieve the desired trigger feel.
- Regularly check the screws for tightness and functionality during routine maintenance.

## Disposal Instructions

- Dispose of any unused or damaged screws in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, utilize designated recycling facilities if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the TRIGGER STOP SCREWS or safety issues, please reach out to the appropriate authorities or consult the product's manufacturer for assistance.

Thank you for prioritizing safety and adhering to these guidelines while using the TRIGGER STOP SCREWS. Your safety is our top priority.
