

.22 MAGAZINE TUBE KIT NO. 1 - BROWNELLS TUBE MAGAZINE KIT #1, .22 LR, WINCHESTERS

[Rifle Parts](#) > [Receiver Parts](#) > [Magazine Parts](#) > [Magazine Tubes](#)

The Parts You Need To Rebuild An Obsolete Tube

For most of the older .22's that no longer have a factory replacement magazine tube, this kit provides the parts needed to custom-make a magazine to fit. All tube blanks have a rolled crimp on one end only. Kit No. 1: .350" O.D. tube, 17½" (44.4cm) long. 23½" (59.6cm) spring, with follower, plug, and cross pin. For some Winchesters, both older and new, plus many others. Will not fit tubular magazines with a plastic follower such as the Marlin model 60 or derivatives of it. This kit does not have the hole drilled in the tube. The kit is used for multiple applications and are designed to be finished to length and drilled by the end user.

Safety Instructions for .22 MAGAZINE TUBE KIT NO. 1

Introduction

Thank you for choosing the .22 MAGAZINE TUBE KIT NO. 1 from Brownells. This kit is designed for custommaking magazine tubes for older .22 rifles that no longer have factory replacement options. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that this product is used only by individuals who are familiar with firearms and their handling.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Inspect the kit components for any signs of damage before use. Do not use damaged parts.
- Store the kit in a secure location out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues.

Specific Safety Precautions for Use

- This kit is not suitable for tubular magazines with a plastic follower, such as the Marlin model 60 or its derivatives.
- Ensure that the tube is finished to the correct length and drilled properly before use.
- Always wear appropriate safety gear, including eye protection, when working with tools and firearms.
- Avoid using the magazine tube kit in a manner that is not intended or described in this guide.
- Be cautious of sharp edges when handling the tube and other components.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a drill and appropriate drill bits.
- Ensure that you have a clean, welllit workspace.

2. Cutting the Tube:

- Measure the required length of the tube for your specific firearm.
- Use a cutting tool to cut the tube to the desired length. Ensure that the cut is clean and straight.

3. Drilling the Tube:

- Mark the location for the hole that will accommodate the cross pin.
- Use a drill with the appropriate bit size to drill the hole. Ensure that the hole is smooth and free of burrs.

4. Assembling the Magazine:

- Insert the spring, follower, and plug into the tube.
- Ensure that all components fit securely within the tube.

5. Final Inspection:

- Doublecheck that all parts are correctly assembled and that there are no obstructions within the tube.

- Test the assembly by inserting it into the firearm to ensure proper fit and function.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the kit in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the .22 MAGAZINE TUBE KIT NO. 1, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for support.

By following these safety instructions, you can ensure a safe and effective experience with your .22 MAGAZINE TUBE KIT NO. 1. Thank you for your attention to safety.
