[Gunsmith Tools](#) > [Shop Accessories & Supplies](#) > [Claim Checks](#)

## For Those Who Do Work For Other Shops

Especially for shops that do custom work, repairs or rebluing for stores or other gunsmiths. Has two identically numbered tear-off stubs. One goes to the customer, the store fills out the repair tag, and the other goes to the store when you pick up the gun. Gives complete stub/number control of that gun until it is delivered back to the customer. Eliminates mix-ups and confusion, improper claiming by the store or his customer. Spaces to record the same information as our CC-1 claim checks but shorter in length to save space.
