[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding Accessories](#) > [Surgical Tubings](#)

## **Constant Pressure To Hold Where You Want It- How You Want It**

The stretchiest, pulliest, self-tightening clamp you can buy& Pure Gum Surgical Latex Tubing! Wrapped around a split gun stock, it will draw the glue line so thin it looks like part of the grain, with no "clamp marks" in the wood and no slipping or pulling-off of the joint. For holding all irregular surfaces it is unsurpassed - gluing, forming, jiggling, aligning - use the Pulling Power of surgical tubing. (It also makes excellent slingshot rubbers.)Use no knots. Tuck over one end and wrap over it, as shown, when pulling the tube around the part being held. Make the final tuck as shown. A small wedge or wood dowel simplifies making this final tuck. Guaranteed to hold! Choate's Rifle Shop, Palmdale, CA., reports, "I have been using my piece of tubing for 8 years and repaired stocks split end-to-end using ACRAGLAS®. It will stick to ACRAGLAS®, but pulls right off with no damage to the tubing. Use it for forend tips, grip caps, cracked and split stocks & " Stocked in 2 weights. Type A is for light, multiple wrap jobs. Type B is for long pull or where greater tension is desired.

# Safety Instruction Guide for Brownells Type B Surgical Tubing

## Introduction

Thank you for choosing Brownells Type B Surgical Tubing. This product is designed for various applications, including gluing, forming, jiggling, and aligning. It offers excellent performance and reliability when used correctly. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the tubing away from children and vulnerable individuals to prevent accidental injury.
- Inspect the tubing regularly for any signs of wear or damage before each use.
- Avoid using the tubing in high-temperature environments or exposing it to harsh chemicals that may degrade its quality.
- If you notice any unusual behavior or performance from the tubing, discontinue use immediately and seek further advice.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of injury from improper use or handling of the tubing.
- Risk of allergic reactions for individuals sensitive to latex.

### • Avoiding Hazards:

- Do not overstretch the tubing beyond its recommended limits.
- Always ensure that the tubing is securely fastened and not at risk of slipping during use.
- Use protective gloves if you have a known latex allergy or are unsure of your sensitivity.
- Keep the tubing away from sharp objects that could cause punctures or cuts.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the area is clean and free from obstructions.

### 2. Using the Tubing:

- Tuck one end of the tubing over the part being held and wrap it around securely.
- Make sure to pull the tubing tightly to ensure a secure grip.
- For the final tuck, use a small wedge or wood dowel to simplify the process.
- Ensure that the tubing is not twisted or kinked during application.

### 3. Final Checks:

- Once installed, inspect the tubing to ensure it is holding securely and there are no visible signs of damage.
- If using for long pulls or greater tension, consider using Type B tubing as it is designed for such applications.

## **Disposal Instructions**

- Dispose of any unused or damaged tubing in accordance with local regulations.
- Do not dispose of the tubing in regular household waste if it is contaminated with hazardous materials.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product recalls, please refer to the appropriate consumer safety authorities in your region. Stay informed and report any unsafe products or incidents to ensure the safety of all consumers.

Thank you for your attention to these safety instructions. Enjoy using your Brownells Type B Surgical Tubing responsibly!
