

# M16 & AR-15 CHAMBER BRUSHES - AR-15/M16 CHAMBER BRUSH 22 CALIBER 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Chamber Brushes](#)

## Original Mil Spec Chamber Brushes

Original military design, M16, with 8-36 thread for direct threading into the "Cleaning Rod, Small Arms", or AR-15 with 8-32 thread to fit standard rods. AR-10 cleans the larger .308 chamber used on these rifles. Bronze bristles fit chamber, longer, stainless steel tufts clean locking lug recesses.

# M16 & AR15 Chamber Brushes Safety Instruction Guide

## Introduction

Thank you for choosing the M16 & AR15 Chamber Brushes. This guide provides essential safety instructions to ensure the safe use of this product. Please read these guidelines carefully to understand how to use the brushes properly and safely.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the brushes before use for any signs of damage or wear.
- Keep the brushes out of reach of children and vulnerable individuals.
- Use the brushes in a wellventilated area to avoid inhaling any debris.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear protective eyewear when using the chamber brushes to prevent debris from entering the eyes.
- Handle the brushes with care to avoid injury; the bristles can be sharp.
- Do not force the brushes into the chamber; ensure they fit properly.
- Avoid using excessive force when cleaning to prevent damage to the firearm.
- Ensure that the firearm is unloaded and safe before using the brushes.
- Follow all manufacturer instructions for cleaning and maintenance of your firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and safe.
- Gather all necessary cleaning supplies, including cleaning rods and solvents.

### 2. Installation:

- For the M16 brush, ensure the cleaning rod has an 836 thread.
- For the AR15 brush, use a cleaning rod with an 832 thread.
- Attach the appropriate chamber brush to the cleaning rod securely.

### 3. Usage:

- Insert the chamber brush into the chamber of the firearm.
- Rotate the brush gently while applying light pressure to clean the chamber effectively.
- For the AR10, use the larger brush designed for the .308 chamber.
- Clean the locking lug recesses with the stainless steel tufts as needed.
- After cleaning, remove the brush and inspect the chamber for any remaining debris.

### 4. PostUse Care:

- Clean the brushes after each use to prolong their lifespan.
- Store the brushes in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the brushes according to local regulations.
- Do not dispose of the brushes in regular household waste if they are damaged or worn.
- Check for any specific disposal instructions provided by your local waste management authority.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the M16 & AR15 Chamber Brushes, please refer to your local retailer or the manufacturer's website for assistance.

Thank you for prioritizing safety while using the M16 & AR15 Chamber Brushes. Your attention to these guidelines helps ensure a safe and effective cleaning experience.
