

# M16 & AR-15 CHAMBER BRUSHES - BROWNELLS AR-15/M16 CHAMBER BRUSH 22 CALIBER 8-36M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Chamber Brushes](#)

## Original Mil Spec Chamber Brushes

Original military design, M16, with 8-36 thread for direct threading into the "Cleaning Rod, Small Arms", or AR-15 with 8-32 thread to fit standard rods. AR-10 cleans the larger .308 chamber used on these rifles. Bronze bristles fit chamber, longer, stainless steel tufts clean locking lug recesses.

# Safety Instructions for M16 & AR15 Chamber Brushes

## Introduction

Thank you for choosing the M16 & AR15 Chamber Brushes. These brushes are designed for cleaning the chambers of M16 and AR15 rifles, ensuring optimal performance and safety. This guide provides essential safety instructions to help you use the product effectively and safely.

## General Safety Guidelines

- Ensure the product is used according to the manufacturer's instructions.
- Always handle firearms with care, following all safety protocols.
- Keep the brushes out of reach of children and unauthorized users.
- Regularly inspect brushes for wear and damage before use.
- Use appropriate personal protective equipment (PPE) such as safety goggles and gloves when cleaning firearms.

## Specific Safety Precautions for Use

- Use only with the compatible cleaning rods (M16 with 836 thread and AR15 with 832 thread).
- Do not use the brushes on firearms that are loaded or have ammunition present.
- Avoid using excessive force when cleaning to prevent damage to the firearm or the brush.
- Always clean in a wellventilated area to avoid inhaling any debris or cleaning agents.
- Dispose of any cleaning materials according to local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and the area is safe for cleaning.
- Gather all necessary tools, including the appropriate cleaning rod and the chamber brush.

### 2. Installation:

- For M16: Screw the chamber brush onto the cleaning rod using the 836 thread.
- For AR15: Use the 832 thread to attach the brush to the cleaning rod.

### 3. Cleaning Process:

- Insert the chamber brush into the chamber of the firearm.
- Rotate the brush gently to clean the chamber and locking lug recesses.
- Make sure to cover all areas thoroughly without applying excessive pressure.
- Remove the brush and inspect it for any debris or damage.

### 4. PostCleaning:

- Clean the brush with a suitable solvent and allow it to dry.
- Store the brush in a safe, dry place away from children.

## Disposal Instructions

- Dispose of used brushes according to local waste management regulations.

- Do not dispose of brushes in regular household waste if they are damaged or contaminated.

## **Contact Information for Further Support**

For any questions or concerns regarding the M16 & AR15 Chamber Brushes, please refer to the manufacturer's website or customer service for assistance.

These safety instructions are designed to ensure your safety and the proper use of the M16 & AR15 Chamber Brushes. Please follow them carefully to maintain a safe and effective cleaning routine.
