

# M16 & AR-15 CHAMBER BRUSHES - AR-308CHAMBER BRUSH 30 CALIBER 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Chamber Brushes](#)

## Original Mil Spec Chamber Brushes

Original military design, M16, with 8-36 thread for direct threading into the "Cleaning Rod, Small Arms", or AR-15 with 8-32 thread to fit standard rods. AR-10 cleans the larger .308 chamber used on these rifles. Bronze bristles fit chamber, longer, stainless steel tufts clean locking lug recesses.

# Safety Instruction Guide for M16 & AR15 Chamber Brushes

## Introduction

Thank you for choosing the M16 & AR15 Chamber Brushes. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before use to understand the potential hazards and how to mitigate them.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Keep all cleaning tools and brushes out of reach of children.
- Regularly inspect the brushes for wear and damage before use.
- Do not use the brushes for purposes other than their intended use.
- Store the brushes in a dry and safe location to prevent damage and injury.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using cleaning brushes.
- Avoid using excessive force when cleaning to prevent damage to the chamber.
- Do not use the brushes on hot surfaces or immediately after firing to avoid burns.
- Ensure the firearm is unloaded and cleared before using the brushes.
- Do not leave the brushes unattended while in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and the chamber is clear.
- Gather all necessary cleaning supplies and tools.

### 2. Using the Chamber Brush:

- Select the appropriate chamber brush (M16, AR15, or AR10) based on your firearm model.
- For M16 and AR15, attach the brush with an 832 thread to the cleaning rod.
- For AR10, use the 836 thread for direct threading.
- Insert the brush into the chamber and gently rotate it while applying light pressure.
- Clean the locking lug recesses with the longer stainless steel tufts.
- Repeat the process as necessary until the chamber is clean.

### 3. PostUse:

- After cleaning, remove the brush from the cleaning rod and clean it with a suitable solvent to remove any residue.
- Store the brushes properly to prevent damage.

## Disposal Instructions

- Dispose of the brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are damaged or worn out.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or to report any unsafe product concerns, please contact the manufacturer or your local authority. Ensure to keep your purchase receipt and any relevant information for reference.

By following these guidelines, you can ensure a safe and effective cleaning experience with your M16 & AR15 Chamber Brushes. Thank you for your attention to safety!
