

SQUIB ROD - BROWNELLS 44 CALIBER SQUIB ROD 8" LONG 2 PACK

[Gunsmith Tools](#) > [Handgun Tools](#) > [Stuck Case Removers](#)

No-Mar Brass Rod Knocks Stuck Bullets Out Of Bores

Don't let a stuck bullet from a "squib" or weak load cut short a shooting session. Far superior to other rods or makeshift punches, this non-marring brass rod fits the bore closely, can't wedge between bullet nose and rifling. Each rod is drilled and tapped to thread onto a Dewey cleaning rod; very handy for knocking stuck bullets out of rifle barrels.

SQUIB ROD BROWNELLS 44 CALIBER SQUIB ROD 8" LONG 2 PACK Safety Instructions

Introduction

Thank you for choosing the SQUIB ROD BROWNELLS 44 CALIBER SQUIB ROD 8" LONG 2 PACK. This product is designed to assist in safely removing stuck bullets from rifle barrels. Please read this safety instruction guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is used only by individuals who are familiar with firearms and their handling.
- Always handle firearms in accordance with established safety practices.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the squib rods for any signs of damage before use.
- Use the product only for its intended purpose as described in this manual.

Specific Safety Precautions for Use

- Do not use the squib rod if it shows signs of wear or damage.
- Ensure that the firearm is unloaded before attempting to use the squib rod.
- Always wear appropriate safety gear, including eye protection, when using the product.
- Use the squib rod in a wellventilated area to avoid inhaling any debris that may be dislodged during use.
- Avoid applying excessive force when using the squib rod to prevent damage to the firearm or injury to yourself.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools, including the squib rod and any Dewey cleaning rod adapters.

2. Attaching the Squib Rod:

- Take one of the squib rods from the pack.
- If using a Dewey cleaning rod, attach the squib rod by threading it onto the Dewey cleaning rod using the drilled and tapped end of the squib rod.
- Ensure the connection is secure before proceeding.

3. Removing a Stuck Bullet:

- Insert the squib rod into the barrel of the firearm until it makes contact with the stuck bullet.
- Apply gentle, steady pressure to push the bullet out of the barrel. Do not force the rod.
- If the bullet does not move, reassess the situation and ensure proper technique is being used.

4. PostUse:

- After successfully removing the stuck bullet, clean the squib rod and any adapters used.
- Store the squib rod in a safe, dry place away from children and unauthorized users.

Disposal Instructions

- Dispose of any damaged squib rods in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste if it is still in usable condition; consider donating it to a local shooting range or firearms training center.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the SQUIB ROD BROWNELLS 44 CALIBER SQUIB ROD 8" LONG 2 PACK, please contact the manufacturer or your point of purchase for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your responsible use of this product.
