ALUMAHYDE REPLACEMENT SPRAY NOZZLES

SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the ALUMAHYDE Replacement Spray Nozzles. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before using the spray nozzles to avoid any potential hazards.

General Safety Guidelines

- Always ensure that the spray nozzles are compatible with the equipment you are using.
- Keep the nozzles out of reach of children and pets to prevent accidental use or injury.
- Inspect the nozzles regularly for signs of damage or wear. Do not use damaged nozzles.
- Use the product only for its intended purpose, as outlined in the instructions.
- Always wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when using spray nozzles.
- Ensure proper ventilation in the area where spraying is taking place to avoid inhalation of fumes.

Specific Safety Precautions for Use

- **Clogged Nozzles:** If a nozzle becomes clogged, use a Clean Out Nozzle to clear the pickup tube before installing a Replacement Nozzle.
- **Adjustable Tips:** The black tips of the nozzles can be adjusted 90 degrees. Ensure the tip is securely locked in place before use to prevent accidents.
- **Chemical Compatibility:** Verify that the nozzles are suitable for use with MetalCoat Epoxy or any other chemicals you intend to spray.
- **Spills and Leaks:** In case of spills or leaks, immediately clean the area to prevent slips and falls. Dispose of any waste according to local regulations.

Instructions for Installation and Usage

1. Installation:

- Ensure the spray equipment is turned off and disconnected from any power source.
- Remove the existing nozzle by twisting it counterclockwise.
- Take the Replacement Nozzle and align it with the nozzle holder.
- Twist the Replacement Nozzle clockwise until it is securely attached.

2. Usage:

- Before spraying, shake the container of the substance you are using to ensure proper mixing.
- Adjust the nozzle tip to the desired angle for the fan spray.
- Test the spray on a small area to ensure proper function and coverage.
- Hold the spray nozzle at a safe distance from the surface being sprayed to avoid damage.

3. PostUsage:

- After use, clean the nozzle with appropriate cleaning agents to prevent clogs.
- Store the nozzles in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of used or damaged nozzles in accordance with local waste disposal regulations.
- Do not dispose of nozzles in household waste unless they are confirmed to be safe for such disposal.
- Check local guidelines for recycling options for plastic and metal components.

Contact Information for Further Support

For any safety inquiries or assistance regarding the ALUMAHYDE Replacement Spray Nozzles, please contact your local distributor or check the manufacturer's website for additional support resources.

By following these guidelines, you can ensure the safe and effective use of your ALUMAHYDE Replacement Spray Nozzles. Thank you for your attention to safety.
