

COMPETITOR PLUS SLING W/ SWIVELS - BLACK COMPETITOR PLUS SLING WITH 1-1/4" SUPER SWIVELS

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

Premium Leather; Extra Heavy Hooks; Stitched Keepers; U.S.Made; 6" Longer-54" Front Strap Increases Useable Length; Available In Tan Or Black

If you love fine leather, fine craftsmanship and a superbly functional, useful sling, our new Competitor Plus is going to make you extremely happy! What you get is a no-compromise reproduction of the original 1907 Military Sling; the one that's become the standard among hi-power service rifle shooters and many knowledgeable hunters; the one that's sought after by collectors and restorers of pre-WWII military firearms and the one that's carried more guns, more miles on more shoulders than darn near any other. Ours has all the good stuff: 1) It's all U.S. made of the finest, oak-tanned, top grain, U.S. steer hide. 2) It's fitted with thick, forged, blued steel hooks. 3) Each hook is attached with three rivets. 4) The Keepers are stitched and fit TIGHT! Once we eliminated all the shortcomings of the current crop of '07 copies, we convinced a sling maker that folks who use their guns really do want better not cheaper. Once the maker believed, they gave us suggestions concerning the leather. Ooohh, the leather! It's absolutely wonderful. A full heavy-weight, 9-10 ounce leather, tanned correctly for sling use to give maximum flexibility, stability and toughness without stretching or being oily. The tanning makes the Competitor Plus Sling leather what it is. The process starts with a complete hide that's shaved just enough to make it even thickness throughout. Then it's painstakingly tanned using oak tannage, NOT chromic salts. (Chromic salts cause tarnish and corrosion on any metal the leather touches.) Finally, the smooth, burnished finish which shows off the natural grain of this high-grade leather. All this time and effort means Competitor Plus Slings can bend and twist for a tight grip with no splitting or cracking, even across the holes, with no more than the barest minimum of medium tanning oil being added during the process. Your careful adjustments and precise shooting position won't be fouled up by a rubbery sling. Each extra thick, blued steel hook is locked onto the leather with three hand-hammered, copper rivets. The extra steel keeps the hooks from bending under the extreme pressure created when you lock into position. And, the hooks fit their holes TIGHTLY...no slop to mess up a hard hold and no accidental unhookings. Even the keepers are designed as part of a working sling. Since they absolutely must fit and grab the straps tightly, ours are skived at a taper, overlapped and then glued and stitched with 5-cord waxed linen thread. They'll hold your adjustments! The end result is a sling that gives you so much more: more service for so much longer as a traditional field sling; more authenticity as a replacement for restorations; plus more, higher match scores by eliminating a concentration-breaking source of problems. You can spend your time glassing for game, doping the wind or paying attention to sight picture and trigger squeeze instead of fiddling with the sling. This level of exceptional quality is a little more expensive, but we honestly believe you'll agree it's more than worth it. Add the Competitor Plus Sling to any rifle equipped with Michael's-style swivel studs. Comes complete with two of the correct 1 $\frac{1}{4}$ " Michael's easy-on, easy-off, quick-detachable loops.

Competitor Plus Sling Safety Instructions

Introduction

Thank you for choosing the Competitor Plus Sling with Swivels. This sling is designed for use with rifles equipped with Michael's-style swivel studs. It combines high-quality materials with excellent craftsmanship to provide a reliable and functional accessory for your shooting needs. This safety instruction guide will help you understand how to use and care for your sling while ensuring your safety and the safety of others.

General Safety Guidelines

- Always treat your firearm with respect and handle it safely.
- Ensure the sling is properly attached to the firearm before use.
- Regularly inspect the sling for wear and tear, especially the hooks and leather.
- Keep the sling away from sharp objects, extreme heat, and moisture to prolong its life.
- Store the sling in a cool, dry place when not in use.
- Be aware of your surroundings when using the sling and firearm.

Specific Safety Precautions for Use

- Ensure that the sling is fitted tightly to prevent accidental unhooking during use.
- Adjust the sling to fit your body comfortably, ensuring it does not interfere with your movement or shooting stance.
- Do not exceed the weight limit of the sling; it is designed for standard rifle use only.
- Avoid using the sling with firearms that are not compatible with Michael's-style swivel studs.
- If you notice any damage to the sling or its components, discontinue use immediately and contact customer support.

Instructions for Installation and Usage

1. Installation

- Ensure your rifle is unloaded before attaching the sling.
- Locate the Michael's-style swivel studs on your rifle.
- Attach the hooks of the sling to the swivel studs, ensuring a secure fit. The hooks should fit tightly without any slop.
- Check that the keepers are properly adjusted and stitched to keep the sling in place.

2. Usage

- Adjust the length of the sling for a comfortable fit. The front strap length is 54 inches (1.37m).
- When using the sling, ensure it is properly positioned to support your shooting stance.
- Maintain a firm grip on your firearm while using the sling to stabilize your aim.
- After use, carefully detach the sling from the swivel studs and store it properly.

Disposal Instructions

- When the sling has reached the end of its useful life, dispose of it responsibly.
- Check local regulations for disposal methods, especially for leather and metal components.
- If possible, recycle the materials or donate the sling if it is still in usable condition.

Contact Information for Further Support

For any safety inquiries or issues regarding the Competitor Plus Sling, please reach out to the manufacturer's customer support. Ensure you have your product information available for reference.

By following these safety instructions, you can enjoy the benefits of the Competitor Plus Sling while ensuring a safe and effective shooting experience. Always prioritize safety and responsibility when handling firearms and accessories.
