**Premium Leather; Extra Heavy Hooks; Stitched Keepers; U.S. Made;  
6" Longer-54" Front Strap Increases Useable Length; Available In Tan  
Or Black**

If you love fine leather, fine craftsmanship and a superbly functional, useful sling, our new Competitor Plus is going to make you extremely happy! What you get is a no-compromise reproduction of the original 1907 Military Sling; the one that's become the standard among hi-power service rifle shooters and many knowledgeable hunters; the one that's sought after by collectors and restorers of pre-WWII military firearms and the one that's carried more guns, more miles on more shoulders than darn near any other. Ours has all the good stuff: 1) It's all U.S. made of the finest, oak-tanned, top grain, U.S. steer hide. 2) It's fitted with thick, forged, blued steel hooks. 3) Each hook is attached with three rivets. 4) The Keepers are stitched and fit TIGHT! Once we eliminated all the shortcomings of the current crop of '07 copies, we convinced a sling maker that folks who use their guns really do want better not cheaper. Once the maker believed, they gave us suggestions concerning the leather. Ooohh, the leather! It's absolutely wonderful. A full heavy-weight, 9-10 ounce leather, tanned correctly for sling use to give maximum flexibility, stability and toughness without stretching or being oily. The tanning makes the Competitor Plus Sling leather what it is. The process starts with a complete hide that's shaved just enough to make it even thickness throughout. Then it's painstakingly tanned using oak tannage, NOT chromic salts. (Chromic salts cause tarnish and corrosion on any metal the leather touches.) Finally, the smooth, burnished finish which shows off the natural grain of this high-grade leather. All this time and effort means Competitor Plus Slings can bend and twist for a tight grip with no splitting or cracking, even across the holes, with no more than the barest minimum of medium tanning oil being added during the process. Your careful adjustments and precise shooting position won't be fouled up by a rubbery sling. Each extra thick, blued steel hook is locked onto the leather with three hand-hammered, copper rivets. The extra steel keeps the hooks from bending under the extreme pressure created when you lock into position. And, the hooks fit their holes TIGHTLY...no slop to mess up a hard hold and no accidental unhookings. Even the keepers are designed as part of a working sling. Since they absolutely must fit and grab the straps tightly, ours are skived at a taper, overlapped and then glued and stitched with 5-cord waxed linen thread. They'll hold your adjustments! The end result is a sling that gives you so much more: more service for so much longer as a traditional field sling; more authenticity as a replacement for restorations; plus more, higher match scores by eliminating a concentration-breaking source of problems. You can spend your time glassing for game, doping the wind or paying attention to sight picture and trigger squeeze instead of fiddling with the sling. This level of exceptional quality is a little more expensive, but we honestly believe you'll agree it's more than worth it. Our Competitor Plus sling with sixteen numbered reference points makes it easy for you to return to your sling setting for each shooting position.

## Attributes

- Name: [BROWNELLS BLACK NUMBERED COMPETITOR SLING](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 084270220
- Mfr. No.:
- Colour: Black

# Competitor Plus Sling Safety Instruction Guide

## Introduction

Thank you for choosing the Competitor Plus Sling by Brownells. This guide provides essential safety instructions to ensure the safe use and maintenance of your sling. Please read this guide carefully before using the product to avoid any potential hazards.

## General Safety Guidelines

- **Product Safety:** Always ensure that the sling is used in accordance with the guidelines provided. This product is designed for safe use with firearms, but improper use can lead to accidents.
- **Enhanced Recalls:** In the unlikely event of a recall, you will be notified through standardized notices. Please keep your purchase information for reference.
- **Online Shopping:** If purchased online, ensure that you buy from authorized sellers to guarantee product safety and compliance with EU regulations.
- **Special Consumer Focus:** This sling is intended for adult users. Ensure that it is not used by children without proper supervision.
- **EU Contact Point:** For any safety inquiries, please refer to the EU contact point provided by the manufacturer.
- **Rapid Alerts:** Stay informed about potential safety alerts by checking the EU Safety Gate platform regularly.

## Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the sling for any signs of wear, damage, or defects before use. Do not use if the sling is compromised.
- **Proper Fit:** Ensure that the sling fits securely to your firearm. A loose or improperly fitted sling can lead to accidents.
- **Avoid Overloading:** Do not exceed the recommended weight limit of the sling. Overloading can lead to failure.
- **Safe Handling:** Always treat your firearm with respect. Ensure that the sling does not interfere with the safe handling of the firearm.
- **Use in Suitable Conditions:** Avoid using the sling in extreme weather conditions that may affect its performance or integrity.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the sling to your firearm using the provided hooks. Ensure that each hook is securely fastened with the three rivets.
- Adjust the length of the sling to fit your shooting position. The numbered reference points will help you return to your preferred settings.

### 2. Usage:

- When using the sling, ensure that it is tight enough to provide support but not so tight that it restricts movement.
- Practice proper shooting techniques to ensure that the sling aids in stability without causing distractions.
- After each use, inspect the sling for any signs of wear or damage.

## **Disposal Instructions**

- When the sling reaches the end of its life cycle or is no longer safe for use, dispose of it responsibly.
- Check local regulations for proper disposal methods, particularly for leather products, to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Competitor Plus Sling, please refer to the manufacturer's contact information included with your purchase.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Competitor Plus Sling!
