

STANDARD LINE NYLON RIFLE BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, NYLON, .20 CALIBER RIFLE, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Solvent Resisting Nylon

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 caliber 5-40 threads, all others 8-32 thread.

Safety Instruction Guide for STANDARD LINE NYLON RIFLE BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON RIFLE BORE BRUSHES by BROWNELLS. This product is designed to provide effective cleaning for your firearm while ensuring safety during use. This guide contains important safety information and instructions to help you use this product safely and effectively.

General Safety Guidelines

- Always use the bore brushes in accordance with the manufacturer's instructions.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Inspect the brushes before each use for any signs of damage or wear.
- Do not use the brushes for any purpose other than intended cleaning of rifle bores.
- Ensure that you are using the correct caliber brush for your firearm to avoid damage.
- Be aware of your surroundings and ensure that no one is in the vicinity of your work area while using the brushes.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**
 - Wear safety glasses to protect your eyes from debris.
 - Consider wearing gloves to protect your hands from cleaning solvents and residue.
- **Handling:**
 - Always handle the brushes with care to avoid injury.
 - Do not apply excessive force when using the brushes to prevent damage to the firearm or brushes.
- **Cleaning Solvents:**
 - Use only recommended cleaning solvents that are compatible with nylon brushes.
 - Follow the manufacturer's guidelines for solvent use and disposal.
- **Storage:**
 - Store the brushes in a dry, cool place away from direct sunlight.
 - Keep the brushes in their packaging or a designated storage container to prevent damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary materials, including the bore brush, cleaning solvent, and cleaning rod.

2. Attaching the Bore Brush:

- Select the appropriate caliber bore brush (20 caliber).
- Attach the brush securely to the cleaning rod using the provided threading method (540 threads for .17 and .20 caliber, 832 threads for others).

3. **Cleaning Process:**

- Apply a small amount of cleaning solvent to the bore brush.
- Insert the brush into the firearm's bore and gently push it through the barrel.
- Use a backandforth motion to ensure thorough cleaning.
- Repeat as necessary, depending on the level of fouling.

4. **PostCleaning:**

- After cleaning, remove the brush and clean the firearm according to the manufacturer's instructions.
- Dispose of any used cleaning materials and solvents according to local regulations.

Disposal Instructions

- Dispose of the bore brushes in accordance with local waste disposal regulations.
- Do not dispose of the brushes in fire, as this may cause harmful fumes or environmental hazards.
- If the brushes are worn or damaged, consider recycling options if available.

Contact Information for Further Support

For any safety inquiries or additional support, please reach out to the appropriate EUbased contact point. Ensure you have product details ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of the STANDARD LINE NYLON RIFLE BORE BRUSHES. Always prioritize safety and adhere to the best practices for firearm maintenance. Thank you for your attention to these important instructions.
