

SPECIAL LINE!!! BRASS CORE HANGUN BORE BRUSHES - SPECIAL LINE BRUSH, BRASS, .50 CALIBER PISTOL, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS Shank: Brass, looped and wound Overall Length: 2.125" (5.4cm) Threads: 8-32 thread

Safety Instruction Guide for SPECIAL LINE BRASS CORE HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the Special Line Brass Core Handgun Bore Brushes. This product is designed to provide effective cleaning for your handgun while ensuring the safety of both the user and the firearm. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always use this product in accordance with the manufacturer's instructions.
- Ensure that the firearm is unloaded before performing any cleaning procedures.
- Keep the bore brushes out of reach of children and pets.
- Inspect the bore brush for any damage before use. Do not use if damaged.
- Be aware of your surroundings when using the product to avoid accidents.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Use only with firearms of the specified caliber (.50 Caliber).
- Do not force the brush into the bore; it should fit snugly but not require excessive force.
- Avoid using the brush on any other materials or surfaces to prevent damage.
- If you experience resistance while cleaning, stop and check for blockages.
- Store the brushes in a dry place to prevent corrosion of the brass.
- Wear safety goggles to protect your eyes from debris while cleaning.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the 832 threads.
- Ensure it is tightly secured but do not overtighten.

3. Usage:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the brush into the firearm's bore gently.
- Rotate the cleaning rod while pushing the brush through the bore to remove fouling.
- Repeat this process as necessary, ensuring to clean from the chamber to the muzzle.

4. PostCleaning:

- After cleaning, remove the bore brush from the cleaning rod.
- Clean the bore brush with solvent and allow it to dry before storage.
- Store the brush in a protective case or container to avoid damage.

Disposal Instructions

- Dispose of any damaged bore brushes in accordance with local waste disposal regulations.
- Do not throw away in regular household trash if the product is considered hazardous.
- Check local guidelines for proper disposal methods for metal products.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of this product, please contact the manufacturer or your local distributor. Ensure you provide detailed information about your concerns for a prompt response.

This safety instruction guide aims to ensure the safe use of the Special Line Brass Core Handgun Bore Brushes in compliance with the EU General Product Safety Regulation (GPSR). Always prioritize safety and follow these guidelines for a better cleaning experience.
