

SPECIAL LINE!!! BRASS CORE RIFLE BORE BRUSH - BROWNELLS

SPECIAL LINE BRASS RIFLE BRUSH 8MM 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Shank: Brass, looped and wound. Overall Length: 3.27" (8.3cm) 20 Caliber Threads: 5-40 Male All other Caliber Threads: 8-32 Male NOTE: 22 Caliber bore brush with 8-36 thread fits military M16 cleaning rods only.

Safety Instruction Guide for SPECIAL LINE BRASS CORE RIFLE BORE BRUSH

Introduction

Thank you for choosing the Special Line Brass Core Rifle Bore Brush. This guide provides essential safety instructions to ensure the safe use and maintenance of this product. Please read this guide carefully before using the bore brush.

General Safety Guidelines

- Ensure that the bore brush is used only for its intended purpose, which is cleaning rifle barrels.
- Always keep the bore brush out of reach of children and vulnerable individuals.
- Inspect the bore brush before each use. Do not use if damaged or worn.
- Store the bore brush in a cool, dry place away from direct sunlight.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Wear appropriate eye protection when using the bore brush to prevent debris from entering your eyes.
- Always use the bore brush in a well-ventilated area to avoid inhaling any cleaning residues.
- Avoid applying excessive force while using the bore brush to prevent damage to the barrel.
- Do not use the bore brush with any cleaning solvents that are not recommended for use with brass.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded and safe to handle.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and any recommended cleaning solvent.

2. Attaching the Bore Brush

- Select the appropriate caliber bore brush for your firearm. The Special Line Brass Core Rifle Bore Brush is designed for 8 mm caliber.
- Attach the bore brush to a compatible cleaning rod. For 8 mm caliber, use an 832 male thread.
- Ensure the connection is secure before proceeding.

3. Using the Bore Brush

- Insert the bore brush into the barrel from the breech end (if applicable).
- Gently push the bore brush through the barrel, using a smooth and steady motion.
- Pull the bore brush back out of the barrel, and repeat the process as necessary for thorough cleaning.
- After cleaning, inspect the bore brush for wear and replace if necessary.

4. Post-Cleaning Care

- Clean the bore brush with a suitable solvent to remove any residue.
- Dry the bore brush thoroughly before storing it.
- Store the bore brush in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any worn or damaged bore brushes in accordance with local regulations.
- Do not dispose of the bore brush in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any safety inquiries or additional support, please contact the manufacturer or your local distributor. Ensure that you have the product information ready for reference.

Thank you for following these safety instructions. Proper care and use of your Special Line Brass Core Rifle Bore Brush will help ensure a safe and effective cleaning experience.
