

# **SPECIAL LINE™! BRASS CORE RIFLE BORE BRUSH - SPECIAL LINE BRASS RIFLE BRUSH 50 CALIBER 12 PACK**

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Shank: Brass, looped and wound. Overall Length: 3.27" (8.3cm) 20 Caliber Threads: 5-40 Male All other Caliber Threads: 8-32 Male NOTE: 22 Caliber bore brush with 8-36 thread fits military M16 cleaning rods only.

# Safety Instruction Guide for SPECIAL LINE BRASS CORE RIFLE BORE BRUSH

## Introduction

Thank you for choosing the SPECIAL LINE BRASS CORE RIFLE BORE BRUSH. This product is designed to provide effective cleaning for your firearm while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper handling and maintenance of the bore brush.

## General Safety Guidelines

- Ensure that the bore brush is used only for its intended purpose cleaning rifle barrels.
- Always handle firearms and cleaning equipment with care and in accordance with the manufacturer's instructions.
- Keep the bore brush out of reach of children and vulnerable individuals.
- Regularly inspect the bore brush for signs of wear or damage before use. Do not use if damaged.
- Store the bore brush in a safe and dry place when not in use.

## Specific Safety Precautions for Use

- Use the bore brush only with compatible cleaning rods.
- Ensure that the cleaning rod is securely attached to the bore brush before use.
- Do not force the bore brush through the barrel; apply gentle pressure to avoid damaging the firearm.
- Always clean firearms in a wellventilated area to avoid inhaling any dust or debris.
- Avoid using the bore brush on firearms that are loaded. Always ensure the firearm is unloaded before cleaning.
- Use protective eyewear to prevent any debris from entering your eyes during the cleaning process.

## Instructions for Installation and Usage

### 1. Selecting the Correct Brush:

- Choose the appropriate caliber bore brush for your firearm (50 Caliber for this product).

### 2. Attaching the Bore Brush:

- Screw the bore brush onto the cleaning rod. Ensure the connection is tight and secure.
- For 20 Caliber threads, use a 540 male connection. For all other caliber threads, use an 832 male connection.

### 3. Cleaning the Barrel:

- Insert the bore brush into the barrel from the chamber end, if possible.
- Gently push the brush through the barrel and pull it back out. Repeat this process several times to ensure thorough cleaning.
- If using with military M16 cleaning rods, note that the 22 Caliber bore brush fits with an 836 thread.

### 4. PostCleaning Care:

- After cleaning, inspect the bore brush for any wear or damage.
- Clean the bore brush with a suitable solvent to remove any residue, and allow it to dry completely before storage.

## Disposal Instructions

- Dispose of the bore brush in accordance with local regulations.
- If the bore brush is damaged or no longer usable, do not throw it in regular trash. Instead, consider recycling options if available.
- Ensure that any hazardous materials used during cleaning are disposed of properly to protect the environment.

## Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the product packaging for the manufacturer's contact details. Always keep this guide for future reference.

Thank you for your attention to these safety guidelines. Enjoy using your SPECIAL LINE BRASS CORE RIFLE BORE BRUSH safely and effectively!
