

# STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES - BROWNELLS STANDARD LINE STAINLESS 22 CAL CENTERFIRE RIFLE BRUSH 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Tough Stainless Steel

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 cal. 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES from BROWNELLS. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before use to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is cleaning rifle bores.
- Always handle the bore brushes with care to avoid injury.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Use protective eyewear when cleaning to prevent any debris from causing eye injury.
- Regularly inspect the brushes for wear and damage. Do not use if damaged.
- Dispose of any worn or damaged brushes properly to avoid potential hazards.

## Specific Safety Precautions for Use

- **Use Caution with Stainless Steel Brushes:** The aggressive action of stainless steel brushes can wear down the barrel over time. Use only when necessary for heavily fouled or rusted bores.
- **Avoid Prolonged Use:** Limit the frequency of use to preserve barrel life.
- **Wear Gloves:** Use gloves to protect your hands from sharp bristles and cleaning solvents.
- **Follow Manufacturer's Recommendations:** Always refer to the firearm's manufacturer guidelines for cleaning and maintenance.

## Instructions for Installation and Usage

1. **Selecting the Right Brush:** Ensure you have the correct caliber brush for your firearm. This product is designed for 22 caliber (.223.224) rifles.
2. **Attaching the Brush:**
  - Ensure the firearm is unloaded and pointed in a safe direction.
  - Thread the bore brush onto a cleaning rod (compatible with 540 or 832 threads).
3. **Cleaning the Bore:**
  - Insert the brush into the bore from the chamber end if possible.
  - Rotate the brush gently as you push it through the bore to effectively clean the surface.
  - Repeat as necessary, but avoid excessive scrubbing.
4. **PostCleaning:**
  - After cleaning, remove the brush and clean the firearm as per the manufacturer's instructions.
  - Store the brushes in a dry place, away from moisture and direct sunlight.

## Disposal Instructions

- Dispose of worn or damaged bore brushes in accordance with local regulations.
- Do not dispose of in regular household waste if they are contaminated with hazardous materials.
- Check local guidelines for proper disposal methods for metal products.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please contact the manufacturer or your local retailer. They can provide additional guidance and information regarding the use of this product.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. Thank you for your attention to safety and for choosing BROWNEllS products.
