

STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES - BROWNELLS STANDARD LINE STAINLESS 22 CAL CENTERFIRE RIFLE BRUSH 12PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Tough Stainless Steel

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 cal. 5-40 threads, all others 8-32 thread.

Safety Instruction Guide for STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES from BROWNELLS. This guide provides essential safety instructions and guidelines to ensure safe usage of the product. Please read this manual carefully before using the bore brushes to avoid potential hazards and ensure optimal performance.

General Safety Guidelines

- Ensure that all users of this product are aware of the safety instructions.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Regularly inspect the bore brushes for any signs of wear or damage before use.
- Use the bore brushes only for their intended purpose as specified in this guide.
- Follow local laws and regulations regarding the use of firearm maintenance products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The stainless steel bristles can cause injury if used improperly.
 - The aggressive cleaning action may accelerate wear on the rifle barrel.
- **Avoiding Hazards:**
 - Always wear appropriate safety gear, including gloves and eye protection, when using the bore brushes.
 - Do not apply excessive force while using the brushes to prevent damage to the bore and personal injury.
 - Ensure the firearm is cleared and pointed in a safe direction before using the bore brush.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

- **Installation:**
 - Select the appropriate bore brush size for your firearm caliber (22 Caliber).
 - Ensure that the threads of the bore brush match the cleaning rod you are using (540 threads for .17 and .20 cal; 832 thread for all others).
 - Attach the bore brush securely to the cleaning rod.
- **Usage:**
 - Insert the bore brush into the firearm's bore gently.
 - Rotate the cleaning rod in a clockwise direction while pushing the brush through the bore.
 - Pull the brush back out of the bore gently to avoid damaging the rifling.

- Repeat the process as necessary, ensuring to clean the brush after use to remove any fouling or debris.
- After cleaning, inspect the bore for any remaining fouling and repeat if necessary.

Disposal Instructions

- Dispose of used bore brushes in accordance with local regulations.
- Do not dispose of bore brushes in regular household waste if they are considered hazardous materials in your area.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any safety inquiries or further support regarding the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES, please refer to the manufacturer's contact details provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective cleaning process for your firearm. Always prioritize safety and adhere to local regulations when using firearm maintenance products. Thank you for your attention to these important guidelines.
