

# STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES - STANDARD LINE STAINLESS 270 CALIBER RIFLE BRUSH 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Tough Stainless Steel

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 cal. 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. This guide provides important safety information to ensure the safe use of this product. Please read and follow these instructions carefully.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including this bore brush.
- Be aware that this product is designed for cleaning rifle bores and should be used accordingly.
- Always handle the bore brush with care to avoid injury.
- Keep out of reach of children and vulnerable individuals.
- Regularly check for product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Sharp edges on the brush can cause cuts.
  - Aggressive cleaning action may lead to barrel wear if used excessively.
- **Avoiding Hazards:**
  - Always wear protective gloves when using the bore brush.
  - Use the brush only on appropriate calibers as specified (270/6.8 mm).
  - Do not use the brush on any surfaces other than designated rifle bores.
  - Inspect the brush before use to ensure it is in good condition.
  - If the brush shows signs of wear or damage, discontinue use immediately.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure your rifle is unloaded and pointed in a safe direction before beginning.
  - Select the appropriate thread size for your rifle (540 threads for .17 and .20 cal; 832 thread for all others).
  - Attach the bore brush to a cleaning rod securely.
- **Usage:**
  - Insert the bore brush into the rifle's chamber.
  - Gently push the brush through the bore, using a smooth, consistent motion.
  - Pull the brush back out without twisting to prevent damage to the bore.
  - Repeat as necessary, but limit usage to avoid excessive wear on the barrel.
  - Clean the bore with a suitable solvent after brushing to remove residues.

## Disposal Instructions

- Dispose of the bore brush in accordance with local regulations.
- Do not throw the brush in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the appropriate EU contact point for consumer safety.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
