

# STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES - STANDARD LINE STAINLESS 338 CALIBER RIFLE BRUSH 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Tough Stainless Steel

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 cal. 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. This guide provides essential safety instructions to ensure the safe and effective use of our product. Please read this guide thoroughly before using the bore brushes to maximize safety and performance.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the bore brushes.
- Ensure that the product is suitable for your specific firearm caliber.
- Use protective eyewear when cleaning your firearm to prevent injury from debris or cleaning agents.
- Keep the bore brushes out of reach of children and unauthorized users.
- Regularly inspect the bore brushes for wear and damage before each use.
- Dispose of any damaged brushes properly to prevent accidental injury.

## Specific Safety Precautions for Use

- **Hazard Identification:** The stainless steel bristles can cause injury if used improperly. Handle with care.
- **Avoid Aggressive Cleaning:** While stainless steel brushes are effective for heavy fouling, excessive use can accelerate barrel wear. Use sparingly.
- **Wear Protective Gear:** Always wear gloves and safety glasses when using the brushes to protect against sharp bristles and cleaning agents.
- **Store Safely:** Keep the brushes in a secure location when not in use to prevent accidental injuries.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including cleaning solvents and protective gear.

### 2. Installation:

- Select the appropriate bore brush for your firearm caliber (338 caliber).
- Attach the bore brush to a cleaning rod with the correct thread size (832 thread for most applications).
- Ensure the brush is securely fastened to prevent detachment during use.

### 3. Usage:

- Insert the bore brush into the barrel from the chamber end, if possible.
- Push the brush through the bore in a smooth, controlled motion. Do not force it.
- Pull the brush back out of the barrel. Repeat as necessary, but avoid excessive scrubbing.
- After cleaning, follow up with a patch soaked in a suitable solvent to remove loosened debris.

### 4. PostCleaning:

- Inspect the bore for any remaining fouling.

- Clean the bore brush with solvent and store it in a dry place.
- Dispose of any used cleaning patches or solvents according to local regulations.

## **Disposal Instructions**

- Dispose of worn or damaged bore brushes responsibly. Do not throw them in regular trash.
- Follow local regulations for disposing of metal products and hazardous materials like cleaning solvents.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please reach out to your local retailer or the manufacturer. Ensure you have the product details available for reference.

By following these guidelines, you can ensure safe and effective use of the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. Thank you for prioritizing safety in your firearm maintenance practices.
