

# STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES - STANDARD LINE STAINLESS 35/38/357 CALIBER RIFLE BRUSH 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Tough Stainless Steel

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 cal. 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of this product. Please read this document carefully before using the bore brushes.

## General Safety Guidelines

- Ensure that the bore brushes are used only for their intended purpose: cleaning rifle bores.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Regularly inspect the bore brushes for wear and damage before use. Do not use damaged brushes.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using bore brushes.
- Use the bore brushes in a wellventilated area to avoid inhaling any debris or contaminants.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the bore brushes.

## Specific Safety Precautions for Use

- **Aggressive Cleaning Action:** The stainless steel bristles are designed for severe fouling. Use caution as they can accelerate barrel wear.
- **Avoid Overuse:** Frequent use of stainless steel brushes may shorten the life of your rifle barrel. Limit their use to necessary cleaning.
- **Proper Handling:** Always handle the bore brushes with care. Avoid applying excessive force that could damage the brush or the rifle bore.
- **Storage:** Store the bore brushes in a dry place, away from moisture, to prevent rust and degradation.
- **Disposal:** Dispose of worn or damaged brushes responsibly, following local regulations for metal waste.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies including the bore brush, cleaning rod, and solvent.

### 2. Attaching the Bore Brush:

- Select the appropriate bore brush size (35/38/357 caliber).
- Attach the bore brush to the cleaning rod using the correct threading (540 threads for .17 and .20 cal; 832 thread for all others).

### 3. Cleaning the Bore:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the brush into the rifle bore and gently push it through, ensuring even coverage.
- Pull the brush back out without twisting to avoid damage.
- Repeat as necessary, monitoring the bore condition.

### 4. PostCleaning:

- After cleaning, inspect the bore for any remaining fouling.
- Clean the bore with a dry patch to remove any solvent residue.
- Store the bore brush in a safe, dry location.

## Disposal Instructions

- Worn or damaged bore brushes should be disposed of in accordance with local regulations.
- Consider recycling metal components if local facilities are available.
- Do not dispose of bore brushes in regular household waste.

## Contact Information for Further Support

For safety inquiries or further assistance, please reach out to the designated EU contact point for this product.

By following these guidelines, you can ensure safe and effective use of the STANDARD LINE STAINLESS STEEL CENTER FIRE RIFLE BORE BRUSHES. Always prioritize safety and stay informed about best practices for firearm maintenance.
