

STANDARD LINE STAINLESS STEEL MUZZLELOADER RIFLE BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, .54 CALIBER MUZZLELOADER, SS, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall Length: 3.27 (8.3cm) Threads: 10-32 male, for use with Dewey Large-Bore Coated Rods.

STANDARD LINE STAINLESS STEEL MUZZLELOADER RIFLE BORE BRUSHES SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Standard Line Stainless Steel Muzzleloader Rifle Bore Brushes by Brownells. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the bore brushes.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a bore cleaning tool for muzzleloader rifles.
- Always inspect the bore brush for any signs of damage or wear before each use. Do not use if damaged.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Store the brushes in a safe, dry place when not in use to prevent accidents.
- Be aware of the potential hazards associated with using stainless steel brushes, which may include accelerated wear on the barrel and risk of injury if not handled properly.

Specific Safety Precautions for Use

- Use protective eyewear when cleaning the bore to prevent metal fragments or debris from entering the eyes.
- Avoid using excessive force when cleaning to minimize wear on the barrel and avoid damaging the brush.
- Do not use the stainless steel bore brush on barrels that are not designed to withstand aggressive cleaning actions, as this may cause damage.
- Always follow the manufacturer's instructions for cleaning and maintenance of your muzzleloader rifle to ensure safety and optimal performance.
- If you notice any unusual performance or if the bore brush becomes stuck, stop using it immediately and assess the situation before proceeding.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the 1032 male threads of the rod.
- Ensure the connection is secure before proceeding.

3. Usage:

- Apply an appropriate cleaning solvent to the bore brush.
- Insert the bore brush into the muzzle of the rifle and gently push it through the barrel.
- Pull the brush back through the barrel to remove fouling and debris.
- Repeat the process as necessary, ensuring to clean the brush periodically to remove accumulated debris.
- After cleaning, remove the bore brush from the cleaning rod and clean both the brush and rod with

solvent.

4. PostCleaning:

- Inspect the barrel for cleanliness and ensure no debris remains.
- Store the bore brush and cleaning rod in a safe location.

Disposal Instructions

- Dispose of any damaged or worn bore brushes in accordance with local waste disposal regulations.
- Do not dispose of the bore brushes in regular household waste if they are contaminated with cleaning chemicals. Follow guidelines for hazardous waste disposal if applicable.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Standard Line Stainless Steel Muzzleloader Rifle Bore Brushes, please refer to the contact information provided in the product packaging or visit the manufacturer's website for assistance.

Thank you for choosing our product. Your safety is our priority, and we hope you have a pleasant experience using the Standard Line Stainless Steel Muzzleloader Rifle Bore Brushes.
