

# **STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, 9MM/.38/.357 CAL HANDGUN, SS, 3 PACK**

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush

- For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS

Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 2-1/8" (7.3cm) Threads: 8-32 male

# Safety Instructions for STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES from BROWNELLS. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the bore brushes.

## General Safety Guidelines

- Ensure safe handling and use of all nonfood products.
- Be aware of potential risks associated with using stainless steel bore brushes.
- Follow all instructions to minimize hazards and ensure effective use.
- For consumers purchasing online, ensure that the seller complies with safety regulations.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Risk of Injury:** The stainless steel bristles can cause scratches or injuries if not handled properly. Always use protective gloves when cleaning.
- **Wear and Tear:** Regular use of stainless steel brushes can accelerate wear on firearm barrels. Limit use to heavily fouled or rusted bores.
- **Storage:** Store brushes in a dry place away from children and pets. Ensure they are kept in their original packaging or a secure container.
- **Vulnerable Groups:** Keep this product out of reach of children. It is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction before starting any cleaning process.
- Gather necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

### 2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the 832 male threads.
- Ensure a secure fit to prevent the brush from detaching during use.

### 3. Usage:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the brush into the barrel from the chamber end, if applicable.
- Use a smooth, steady motion to push the brush through the bore. Pull it back out without twisting to avoid damaging the rifling.
- Repeat the process as necessary, depending on the level of fouling.
- After cleaning, remove the bore brush and clean the barrel with a patch or cloth to remove any remaining solvent and debris.

## **Disposal Instructions**

- Dispose of used bore brushes in accordance with local waste disposal regulations.
- Do not dispose of in regular household waste if they are contaminated with hazardous materials.
- Consider recycling options where applicable, especially for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES, please contact the manufacturer or refer to the product packaging for additional support information.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your bore brushes. Thank you for your attention to safety, and enjoy using your product responsibly.
