

STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, 9MM/.38/.357 CAL HANDGUN, SS, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS
Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 2-1/8" (7.3cm) Threads: 8-32 male

Safety Instructions for STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Ensure that the bore brushes are used only for their intended purpose of cleaning handgun barrels.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the bore brushes out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the bore brushes for signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The stainless steel bristles may cause injury if mishandled.
- Prolonged use may accelerate wear on the firearm barrel.

- **Avoiding Hazards:**

- Do not use the bore brushes on firearms with delicate or custom finishes.
- Use protective eyewear when cleaning to prevent debris from entering the eyes.
- Always ensure the firearm is unloaded before using the bore brush.
- Do not apply excessive force while using the bore brush to avoid damaging the bore.

Instructions for Installation and Usage

- **Installation:**

- Ensure the bore brush is compatible with the caliber of your firearm (38/357 Caliber or 9 mm).
- Attach the bore brush to a cleaning rod with 832 male threads securely.

- **Usage:**

- Insert the bore brush into the barrel from the chamber end, if possible.
- Rotate the brush while pushing it through the barrel to maximize cleaning efficiency.
- Pull the brush back out of the barrel gently to avoid damaging the rifling.
- Repeat the process as necessary, depending on the level of fouling.

- **PostUsage Care:**

- Clean the bore brush after each use to remove debris and fouling.
- Store the bore brushes in a dry place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of worn or damaged bore brushes in accordance with local regulations.
- Do not dispose of bore brushes in regular household waste if they are contaminated with hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for prioritizing safety while using the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES. Your adherence to these guidelines will help ensure a safe and effective cleaning experience.
