

STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, .44/.45 CALIBER HANDGUN, SS, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS
Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 2-1/8" (7.3cm) Threads: 8-32 male

Safety Instruction Guide for STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES from BROWNELLS. This product is designed to assist in the cleaning of handgun barrels, ensuring optimal performance. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is cleaning handgun barrels.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before use.
- If you notice any defects, discontinue use immediately and dispose of the product safely.
- Be aware of your surroundings when using this product to prevent accidents.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The stainless steel bristles can cause scratches or damage to softer metals if used improperly.
- The aggressive cleaning action may accelerate barrel wear if used excessively.

- **Avoiding Hazards:**

- Always use the bore brush with caution and avoid excessive force.
- Do not use the bore brush on firearms that do not require aggressive cleaning.
- Wear safety goggles to protect your eyes from debris or splashes during use.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.

- **Age Specific Warnings:**

- This product is not suitable for individuals under the age of 18 without adult supervision.
- Store the product in a secure location to prevent unauthorized access.

Instructions for Installation and Usage

- **Installation:**

- The bore brush is designed to fit standard cleaning rods with 832 male threads.
- Attach the bore brush to the cleaning rod by screwing it onto the rod until secure.

- **Usage:**

- Ensure the firearm is completely unloaded before beginning the cleaning process.
- Insert the bore brush into the barrel from the chamber end, if applicable.
- Gently push the brush through the barrel and pull it back out, repeating as necessary.
- Clean the bore until satisfactory results are achieved, but avoid excessive scrubbing.
- After use, clean the bore brush with solvent and store it in a dry place.

Disposal Instructions

- Dispose of the bore brush responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or worn.
- Check with local waste management authorities for proper disposal methods for metal products.

Contact Information for Further Support

For any safety inquiries or concerns regarding the STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES, please refer to the contact information provided on the packaging or the retailer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your STANDARD LINE STAINLESS STEEL HANDGUN BORE BRUSHES. Always prioritize safety and proper handling to maintain your firearm in optimal condition. Thank you for your attention to these important safety guidelines.
