

STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, 10 GAUGE SHOTGUN, SS, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 2-7/8" (7.3cm) Threads: 5/16"-27 male

Safety Instruction Guide for STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES from BROWNELLS. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Ensure that the bore brushes are used only for their intended purpose, which is cleaning shotgun bores.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using these brushes.
- Keep the brushes out of reach of children and pets to prevent accidental injury.
- Regularly inspect the brushes for wear or damage before use. Do not use if damaged.
- Do not use the brushes on any surfaces other than shotgun bores, as this may cause damage.

Specific Safety Precautions for Use

- **Hazard of Injury:** The stainless steel bristles can cause injury. Handle with care and avoid direct contact with skin.
- **Wear and Tear:** Frequent use can accelerate wear on both the brush and the shotgun barrel. Limit use to necessary cleaning.
- **Barrel Life:** Aggressive cleaning with stainless steel brushes can shorten barrel life. Use only when necessary for severe fouling.
- **Chemical Safety:** Avoid using chemical solvents that may react negatively with stainless steel. Always follow the manufacturer's recommendations for cleaning agents.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Gather necessary cleaning tools and materials, including a cleaning rod compatible with the bore brush.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it into the rod's threaded end.
- Ensure a secure connection to prevent the brush from detaching during use.

3. Usage:

- Insert the bore brush into the shotgun bore slowly and gently.
- Use a backandforth motion to clean the bore thoroughly.
- Avoid excessive force, which may damage the bore or the brush.
- After cleaning, remove the brush and clean any debris from the bore.

4. PostUse Care:

- Clean the bore brush with a suitable solvent to remove any fouling or debris.
- Store the brush in a dry place to prevent rust or damage.

- Regularly check the brush for signs of wear and replace it as necessary.

Disposal Instructions

- Dispose of worn or damaged bore brushes in accordance with local regulations.
- Do not dispose of brushes in regular household waste if they are contaminated with hazardous materials.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES, please refer to the manufacturer's website or contact their customer support for assistance.

Thank you for your attention to these safety instructions. Your safety and the proper use of this product are our top priorities.
