

STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, .410 BORE SHOTGUN, SS, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Stainless Steel Bore Brush - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. SPECS: Bristles: Available in stainless steel. Shank: Steel, looped and wound. Overall length: 2-7/8" (7.3cm) Threads: 5/16"-27 male

Safety Instructions for STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE STAINLESS STEEL SHOTGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual carefully before using the bore brushes.

General Safety Guidelines

- Ensure that the bore brush is used only for its intended purpose, which is to clean shotgun bores.
- Always handle the bore brush with care to avoid injury.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Inspect the bore brush before each use for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use and disposal of cleaning products and tools.

Specific Safety Precautions for Use

- **Risk of Injury:** The stainless steel bristles can cause scratches or injuries if mishandled. Always wear protective gloves when using the brush.
- **Wear and Tear:** Frequent use of stainless steel brushes can accelerate barrel wear. Use them sparingly and consider alternative materials for regular cleaning.
- **Chemical Reactions:** Do not use the bore brush with incompatible cleaning solvents. Always refer to the solvent manufacturer's instructions.
- **Rust Prevention:** After use, ensure that the bore is properly oiled to prevent rust, especially if the bore brush has been used on a fouled or leaded bore.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Gather necessary tools and cleaning solvents.

2. Installation:

- Attach the bore brush to a compatible cleaning rod. Ensure it is securely fastened.

3. Usage:

- Insert the bore brush into the shotgun bore.
- Rotate the brush gently as you push it through the bore to avoid damaging the barrel.
- Pull the brush back out without twisting to prevent snagging.
- Repeat the process as necessary, depending on the level of fouling.

4. PostUse Care:

- Clean the bore brush after each use to remove residue.
- Store the bore brush in a dry place to prevent rust.

Disposal Instructions

- Dispose of the bore brush in accordance with local regulations.
- If the bore brush is damaged or worn out, discard it responsibly.
- Do not incinerate or expose the bore brush to extreme heat.

Contact Information for Further Support

For any safety inquiries, product concerns, or additional support, please consult the appropriate EU contact point or your local regulatory authority. Always stay informed about product recalls and safety updates through the EU Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our priorities.
