

# STANDARD LINE NYLON RIFLE BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, NYLON, .270 CALIBER RIFLE, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

## Solvent Resisting Nylon

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 caliber 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE NYLON RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON RIFLE BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide carefully before use.

## General Safety Guidelines

- Always use bore brushes in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bore brushes before each use for any signs of damage or wear.
- Do not use the bore brushes for purposes other than intended.
- Store the brushes in a cool, dry place away from direct sunlight.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use appropriate eye protection when cleaning firearms to prevent injury from debris.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the bore brush.
- Avoid excessive force when using the bore brush to prevent damage to the firearm's bore.
- Do not use the bore brush on firearms that are not designed for the specified caliber.
- Avoid using the bore brush with harsh chemicals that may damage the nylon bristles.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded.
- Gather necessary cleaning supplies, including the bore brush and cleaning solvent.

### 2. Installation:

- Attach the bore brush to the cleaning rod.
- Ensure that the brush is securely fastened to prevent detachment during use.

### 3. Usage:

- Insert the bore brush into the firearm's bore.
- Gently push the brush through the bore in a smooth motion.
- Repeat the process as needed, applying cleaning solvent if necessary.
- After cleaning, remove the bore brush and clean the brush with solvent to remove debris.

### 4. PostUse:

- Inspect the bore brush for wear or damage.
- Store the bore brush in a protective case or container to prevent damage.

## Disposal Instructions

- Dispose of the bore brush in accordance with local regulations.

- Do not dispose of the product in general waste if it is damaged or no longer usable.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the STANDARD LINE NYLON RIFLE BORE BRUSHES, please refer to the manufacturer's contact information provided on the packaging or product insert.

Thank you for your attention to these safety instructions. Proper use and care of the product will enhance your experience and ensure safe operation.
