

# STANDARD LINE NYLON RIFLE BORE BRUSHES - BROWNELLS

## STANDARD LINE BRUSH, NYLON, .338 CALIBER RIFLE, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

### Solvent Resisting Nylon

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 caliber 5-40 threads, all others 8-32 thread.

# Safety Instruction Guide for STANDARD LINE NYLON RIFLE BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON RIFLE BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the bore brushes.

## General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of bore brushes. Follow all instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about product recalls. Check for updates regularly to ensure your safety.
- **Online Shopping:** If purchased online, ensure the platform meets safety requirements.
- **Special Consumer Focus:** Keep out of reach of children. These products are not toys and should be used only by adults or under adult supervision.
- **EU Contact Point:** For any safety inquiries, refer to the relevant EUbased contact for assistance.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Potential hazards include injury from sharp bristles and improper handling.
  - Risk of scratches or damage to firearm surfaces if used incorrectly.
- **Avoiding Hazards:**
  - Always inspect the bore brush before use for any signs of damage.
  - Do not use the bore brush on hot or loaded firearms.
  - Use the bore brush only for its intended purpose.
- **Age Restrictions:**
  - This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised when handling.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure the firearm is unloaded and pointed in a safe direction.
  - Select the appropriate bore brush based on the caliber of your firearm.
  - Attach the bore brush to a cleaning rod securely.
- **Usage:**
  - Insert the bore brush gently into the barrel of the firearm.
  - Use a backandforth motion to clean the bore. Avoid excessive force.
  - After cleaning, remove the brush and clean the brush with a suitable solvent if necessary.
  - Store the bore brush in a dry place, away from moisture and direct sunlight.

- **Maintenance:**

- Regularly inspect the bore brush for wear and replace as needed.
- Do not attempt to repair damaged brushes; dispose of them properly.

## **Disposal Instructions**

- Dispose of the bore brush in accordance with local regulations.
- Do not dispose of in household waste if it contains hazardous materials.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the STANDARD LINE NYLON RIFLE BORE BRUSHES, please refer to the relevant contact point in your region for assistance.

By following these guidelines, you can ensure the safe and effective use of your STANDARD LINE NYLON RIFLE BORE BRUSHES. Thank you for prioritizing safety!
