

STANDARD LINE NYLON RIFLE BORE BRUSHES - BROWNELLS

STANDARD LINE BRUSH, NYLON, .338 CALIBER RIFLE, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Solvent Resisting Nylon

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall length: 3.27" (8.3cm) Threads: .17 and .20 caliber 5-40 threads, all others 8-32 thread.

Safety Instruction Guide for STANDARD LINE NYLON RIFLE BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON RIFLE BORE BRUSHES from BROWNELLS. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Always use the bore brushes according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bore brushes before use for any signs of damage or wear.
- Do not use the brushes for any purpose other than cleaning rifle bores.
- Follow all local laws and regulations regarding firearm maintenance and safety.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential injury from improper use of the bore brushes.
 - Risk of damaging the rifle bore if the brush is used incorrectly.
- **Avoiding Hazards:**
 - Ensure the firearm is unloaded before cleaning.
 - Use the appropriate caliber bore brush for your firearm.
 - Do not force the brush into the bore; use gentle pressure.
 - Wear safety glasses to protect your eyes from debris.
 - Avoid using the brushes with excessive force, which may lead to brush breakage.

Instructions for Installation and Usage

- **Preparation:**
 - Ensure the firearm is completely unloaded and in a safe condition before cleaning.
 - Gather necessary cleaning supplies, including cleaning solvent and a cleaning rod.
- **Using the Bore Brush:**
 - Attach the bore brush to the cleaning rod securely.
 - Insert the brush into the rifle bore from the chamber end, if applicable.
 - Gently push the brush through the bore and pull it back out. Repeat this process several times.
 - After use, clean the brush with solvent to remove fouling.
- **Storage:**
 - Store the bore brushes in a dry, cool place away from direct sunlight.
 - Keep the brushes in their original packaging or a designated storage container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn bore brushes in accordance with local waste disposal regulations.
- Do not dispose of the brushes in a manner that may pose a risk to the environment.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please contact the manufacturer's customer support or refer to the product packaging for additional information.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities.
