

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNEllS STANDARD LINE BRUSH, NYLON, .22 CALIBER PISTOL, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the bore brushes.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling and usage of firearm cleaning tools.
- Always keep the brushes out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for wear and damage before each use.
- Use the brushes only for their intended purpose to avoid accidents and injuries.
- If you notice any defects or irregularities in the product, discontinue use immediately.

## Specific Safety Precautions for Use

- Use the bore brushes in a wellventilated area to avoid inhalation of any cleaning agents.
- Always wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when using cleaning products.
- Avoid using excessive force when cleaning to prevent damage to the brush or firearm.
- Do not use the brushes on hot surfaces or when they are heated.
- Store the brushes in a dry, safe place to prevent damage and maintain their integrity.

## Instructions for Installation and Usage

### 1. Selecting the Right Brush:

- Choose the appropriate caliber brush for your firearm. This product is designed for 22 caliber (.223.224) firearms.

### 2. Attaching the Brush:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Attach the bore brush to a cleaning rod with a compatible thread size (17 caliber 540 thread for the 17 caliber brushes, and 832 thread for all others).

### 3. Cleaning Procedure:

- Apply a suitable cleaning solvent to the brush.
- Insert the brush into the barrel of the firearm, ensuring it is fully seated.
- Gently push the brush through the barrel, using a smooth, steady motion. Avoid excessive force.
- Repeat the process as necessary, depending on the level of fouling.

### 4. PostCleaning Care:

- After cleaning, remove the brush and clean it with solvent to remove any residue.
- Allow the brush to dry completely before storing it.

## **Disposal Instructions**

- Dispose of any worn or damaged brushes responsibly. Check local regulations for disposal of cleaning materials and tools.
- Do not dispose of the brushes in regular household waste if they are contaminated with hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the contact information provided with your purchase. Ensure that you report any unsafe products or accidents to the appropriate authorities.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective cleaning experience with your STANDARD LINE NYLON HANDGUN BORE BRUSHES. Thank you for prioritizing safety in your firearm maintenance practices.
